### Editorial

There are a couple of **funding opportunities** with deadlines this month that local groups might be interested in. The first is for funds made available through the Kinross-shire, Almond & Earn Action Partnership. That has a closing date of **10 March**. See pages 4 and 9 for more information. The other is for grants from the Kinross Community Council Newsletter Ltd charitable fund, whose next deadline is **31 March**. See page 96 for more information.

As our cover indicates, **RSPB Loch Leven** is celebrating its 50th anniversary this year. The Newsletter will help to celebrate this significant milestone with an article later in the year. In the meantime, the RSPB would love to hear from Newsletter readers with your memories and photos of the reserve from the last 50 years. To start this off, Alice from RSPB is asking for help in identifying some photographs on page 11.

The Newsletter team hopes you enjoy your March Newsletter. Remember, clocks go forward on the night of 25 March as we change to British Summer Time.

### **Note to Contributors**

A great deal of the Newsletter comprises reports supplied by local clubs and other organisations. These reports are accepted in good faith. Clubs etc should ensure that reports are factually accurate and do not contain material which could cause legal proceedings to be taken against the Newsletter.

### **Letters Policy**

Senders must supply their name and address, which will be published with the letter. Letters should be truthful and not contain matter which could cause legal proceedings to be taken against the Newsletter. The Newsletter does not necessarily agree with any of the views expressed on the Letters or indeed other pages. In special circumstances addresses may be withheld from publication on request (but must still be supplied to the editor).

### Note to Readers: Advertising

Inclusion of advertisements in the Newsletter does not imply any particular endorsement or recommendation of services or companies by Kinross CC or Kinross Newsletter Ltd.

### 'Dear Callum'

I must reply to your introduction in last month's Newsletter to clear up some inaccuracies:

- 1. You say the town centre refurbishment is visually appealing. Good. That was the intention. To address safety concerns, the Council has agreed Kinross Councillors' request for a Puffin crossing at the Co-op and, possibly, south of the chipshop;
- 2. You mention the 'loss of High Street parking spaces'. Actually, only three were lost. However, on my initiative, the old Mill Street surgery was demolished to make way for 19 new spaces. Net gain 16;
- 3. You support a new railway across our county; a popular idea. To be clear, railway building is a Scottish Government responsibility, not a Council one. My current correspondence with Scottish Ministers asking for a full M90 J7 Milnathort interchange has made me realise the difficulties of persuading government to fund such projects.
- 4. You agree we need new housing, but disagree with building 'over and above what is indicated' in the Local Plan (LDP). 'Indicative' numbers are only 'suggested'. Councils can consent higher numbers. Why? The LDP doesn't specify housing density, so planners will allow higher numbers on sites where higher densities are appropriate. Common sense, really.

Also, some sites identified in the 2004 Kinross Area Local Plan remain unbuilt because infrastructure costs make them unviable e.g. Hattonburn 30 houses, Pitdownies 40 and Ochil Hills 35. So the increased numbers of houses on viable sites is offset by sites which may never be built on.

- 5. You say that 'since 2007 council tax has been set centrally'. Not true. The Council has **chosen to keep the tax frozen** since 2007, in line with SNP policy. The Government compensated councils for the tax freeze.
- 6. You assert 'we have almost no local oversight of our police force'. I disagree. I serve on the Council's Community Safety Committee, often sitting in closed session with the Chief Superintendent who is Divisional Commander in overall charge of our Council Area. Be assured, he is closely questioned and held to account by Councillors. Regards

Cllr Joe Giacopazzi 38A New Road, Milnathort

### **About the Kinross Newsletter**

The Newsletter has been informing and supporting the community for 39 years.

It began as a way of letting residents know what Kinross Community Council was saying and doing, but soon expanded to be so much more.

Readers use the Newsletter to find local trades and services, and our loyal advertisers support the community by enabling us to publish local clubs' reports and essential community information free of charge. Readers, when answering an advertisement, please say you saw it in the Newsletter. Thank you.

Any profits made by the Newsletter are given away to local good causes.

### Ethiopia Medical Project (EMP) says thank you

By the time this letter is published, I shall already be in Ethiopia on our seventh annual, month-long trip to the Buccama Clinic, six hours south of Addis Ababa, where all our thoughts, work and help have been and are focussed.

As many people will know, since my return last year, I have been able to talk to many groups in and around Kinross. There are so many calls and demands on our resources in this time of austerity. However, when people hear at first hand an account of the deeply uncomfortable, yet fairly easily healed, condition of the mothers of Buccama, and the little clinic which helps them, they have kindly wanted to contribute. I have been overwhelmed by the generosity of the groups that I have spoken to. I want, once again, to thank all these groups for their contributions.

We guarantee that every penny donated goes directly to the clinic. We pay our own expenses, including flights, and there are very few other costs, except for the medical equipment we buy, and the postal cost of the thousands of pants that we send out, as a result of our "Pants and Pounds" parties. (Thanks, too, to the patient ladies in Kinross Post Office!) This year we are really excited to go, as we will be officially

opening the newly built clinic, housing two wards. The Kinross

The new clinic at Buccama

and District Rotary Club have been enormously supportive in this plan. Their Overseas Committee recognised that our efforts definitely fell into their criteria for support. Therefore, the funds raised, thanks to the tireless efforts of Alistair Smith, the generosity of this club, other Rotary clubs and the District, ensure that our newly built extension will have sanitation, beds and medical equipment.

The amount of money required for this single project was £23,000+. With this, added to other generous donations received locally, and other parts of UK, the building has been built and its contents supplied for two ten-person wards, a nurses' station and a pharmacy. I shall take photographs, and report back.

If anyone had told me that I would be doing this 10 years ago, I would have laughed at the thought. The moral of the story is: embrace change, embrace adventure, as we never, ever know what is around the corner, or what delights life has to offer, if only we are open to it.

With huge thanks to everyone who has contributed locally. I carry your good wishes and kindness with me.
In very sincere gratitude,

Jo Middlemiss 25 Broom Road, Kinross

### **Westfield Open Cast Coal Mine**

I refer to the comments made by Kinross-shire Civic Trust and others in February's Newsletter with regard to the plans to develop the Westfield open cast coal mine by Cardenden and Kinglassie.

Firstly, the proposals did not come as a shock to those of us interested in these matters. I am surprised that Perth & Kinross Council do not look at neighbouring council's planning proposals as a matter of routine. The current plans were featured in the Fife local press in March 2016.

Secondly, the Civic Trust are correct to argue for the reintroduction of the railway track to reduce the planned HGV traffic, and I hope that the Fife planners insist on that.

Finally, I wish to put forward my view that this development should be warmly welcomed as it is the largest area of derelict, abandoned and degraded land in this area, and badly needs development. It is an extremely large site of nearly 1,000 acres and includes a 600 plus feet deep pond containing severely contaminated water. In short, it is an

ecological disaster and a severe blight on our landscape. It is hard to imagine what a developer could do to make it worse. This is a valuable opportunity to support growth in our local economy, provide much-needed local jobs for our young people, restore natural diversity to the site and create amenity space for public use.

# Tasmina Ahmed-Sheikh MP for Ochil and South Perthshire

We're so fortunate in Kinross-shire to have such a spectacular and vibrant local environment as a backdrop to our day-today lives. I still remember the first time

I walked to the top of Dochrie Hill above Milnathort in the company of a local farmer, and the breath-taking view that unveiled itself before me. That day the vista stretched from the banks of Loch Leven to the Pentland Hills south of Edinburgh.

But it could perhaps be understandable given the hustle and bustle of everyday life for some to take the majesty of the Ochil and Lomond Hills for granted, or to be complacent about the beauty of some of the fantastic nature reserves we have here right on our doorstep.

That's why I joined with Roseanna Cunningham MSP earlier this month on a visit to the RSPB Nature Reserve on Loch Leven to find out more about their work and celebrate the Climate Coalition's 'Show the Love' campaign, which has encouraged people all over the country to show the love they have for the special places and wildlife you cherish and don't want to lose to climate change.

Tasmina Ahmed-Sheikh MP, Rea Cris (Parliamentary Officer for RSPB) and Roseanna Cunningham MSP visiting RSPB Scotland Loch Leven during the 'Show the Love' campaign

Extreme weather events are occurring more often, and frequently have a devastating effect on both people and nature. Food chains are being affected, while many species ranges are shifting northwards, and uphill. This could bring back previously occasional visitors, which may seem exciting for us here in Scotland, but elsewhere in Europe species may be lost from the southern edges of their current range. More importantly, this shifting wildlife will only survive if there are suitable areas for them to move into.

That's why supporting local habitats like the Loch Leven National Nature Reserve is so important.

We all have a personal responsibility to do our part to care for our environment. But since my election I've also been committed to supporting local businesses and others to promote renewable energy here in this constituency, while using my platform in Parliament to stand up for tough international standards and targets to help shape the UK government's approach to tacking climate change.

For example, in Scotland, renewable energy has been a success story over recent years with almost 50% of Scotland's electricity consumption now coming from renewable sources. My colleagues and I have also joined with the Scottish Government to seek assurances from the UK Government about the future of the Green Investment Bank, which is currently based in Edinburgh. I will continue to press the UK Government to commit to retaining the jobs and the HQ in Edinburgh, and retaining the Bank's green purpose so that we can drive forward the green agenda, promote future growth and create more jobs both within the organisation and the wider sector.

Over the weeks and months to come, I'll continue to do all I can to support our environment.

If I can help support people and organisations in Kinrossshire, whether that be on local, national or international issues, please get in touch anytime on tas.mp@parliament. uk or 01259 726661. If you'd like an appointment at my **next local surgery** for constituents in Kinross on **Friday 10 March**, please get in touch.

Tasmina Ahmed-Sheikh MP

## Kinross-shire decides!

Local groups have the opportunity to bid for funding of up to £1,500 through the Kinross-shire, Almond and Earn Action Partnership.

Community groups can apply for funding to carry out projects that help to create a fairer place and give people a more equal chance in life. Perhaps you have an idea that would benefit a particular group of people — older or younger, people with disabilities or health needs, people facing poverty, or people who are isolated? Or perhaps your idea is something that the whole community could get involved in?

Funding will be allocated using "participatory budgeting" – this means that successful bids will be chosen by a **public vote**, to take place at Kinross Farmer's Market on **Saturday 22 April**. The day will also be an opportunity for people to share their views and opinions of local priorities, to influence future activity.

The CLOSING DATE for applications is Friday 10 March. Further details and application forms are available via the webpage www.pkc.gov.uk/communityplanning or by contacting Tracey Ramsay by email on TRamsay@pkc.gov.uk The Kinross-shire, Almond and Earn Action Partnership aims to tackle inequalities in the locality. It is a collaboration between local community representatives, PKC, Police Scotland, NHS Tayside and other public services. Similar opportunities are available to communities in other parts of Perth and Kinross.

# PKC Local Government Election, 4 May 2017

On Monday 13 March 2017 the Council will publish the Notice for the above Election with a deadline of 29 March 2017 for

nominations and withdrawals of candidacy. (Some dates from the election timetable are included at right.)

After taking soundings locally, I am currently preparing to stand again as an Independent candidate for the Kinross-shire Ward, an area I have been proud to represent since May 1999.

I have a campaign team in place and wish to continue for a fifth, and possibly final, term in making Kinross-shire's voice heard up at Perth and protecting its identity and interests that should not be compromised by party positions.

There remain a number of matters that are ongoing and which I am currently heavily involved in. Unfinished business for me includes, amongst others in the shire, campaigns relating to landscape, planning, roads and footpaths and I would particularly mention the following:

- Restoring the landscape designations for the Cleish Hills and the River Devon Gorge around Rumbling Bridge.
- Securing Regional Park Status for the Ochil Hills.
- Delivering capital improvements to the A977 between Blairingone and Turfhills in ongoing consultation with the community.
- Ensuring the B9097 Action Plan is delivered and improved between Crook of Devon and the Fife boundary near Westfield.
- Delivering on the proposed pedestrian safety measures in Kinnesswood and Scotlandwell following community consultation.
- Improving Kinross High Street Regeneration Scheme following community representation and exploring economic and tourism initiatives to improve our County Town and Loch Leven's surrounds for residents and visitors.
- Ensure that our PKC Local Development Plan 2
  progresses, as far as possible, in accordance with
  community views, especially following further
  consultation on development zoning proposals in
  Fossoway; enhancing the policy protection of Loch
  Leven's catchment and reviewing policies in relation to
  Gypsy/Traveller sites.
- Maintaining my continuing commitment to argue for an Area Planning Committee for Kinross-shire to arrest a clear 'democratic deficit' and for continuing improvements needed to our current 'failed' planning process.

Hopefully I can continue with such work-in-progress if I receive the community's backing on 4 May.

Kind regards,

Councillor Mike Barnacle Independent Councillor for Kinross-shire

p. 9.]

**13 March** Publication of Notice of PKC authority election and delivery of nomination papers.

**29 March** Last day for PKC election nomination papers, appointment of election agents and withdrawals

of candidacy.

**4 April** End of consultation on future of Scottish Planning

system. [See p. 18.]

**17 April** Last day for registering to vote if not already on

PKC list.

**18 April** Last day for new postal vote applications in PKC.

### **Councillor Robertson**

### **Springfield Road crossing**

The crossing point on the bend in Springfield Road, Kinross, is potentially very dangerous. Because of the bushes to the east of the crossing, it is impossible to see oncoming cars

until they are almost on you. I have contacted the Council about this and they in turn have contacted The Greenbelt Company who maintain these bushes and asked for them to be cut back.

### **Keep Kinross-shire Tidy**

This is an ideal time for road verges to be litter picked as the grass and other vegetation has grown back. If you notice areas that could do with a litter pick, please let me know and I will contact the Council's Environment Service.

### Core Paths Maintenance

I asked for volunteers in last month's Newletter to form a team to keep our important core paths open in the summer. There is no Council budget to do this and many of them have become very overgrown and impassable. I have used offenders carrying out community payback orders in the past to strim paths at Burleigh, Balado and Crook of Devon but this isn't a long-term solution.

The good news is that, to date, I have had four people volunteer, all from Milnathort. If you would like to get involved, please get in touch. The Council will provide any equipment required and any training needed.

### 20mph speed limits

Perth & Kinross Council now have a policy on 20mph speed limits. This should open the way for reduced speed limits to be introduced in residential areas or in streets which are narrow with little or no pavements. Communities like Keltybridge and Maryburgh have already put in a request for the road which passes through these settlements to be considered for 20mph speed limits.

### **Green Park**

The pavements in Green Park are very uneven and are badly in need of resurfacing. The Council has promised to repair the worst of the problems as a short-term measure. I will press for the pavements here to be put into the schedule for resurfacing to give a more permanent and acceptable walking surface for local residents.

Councillor Willie Robertson

## Councillor Giacopazzi

### **Kinross Hockey**

In my five years as a councillor, I've become aware of the longer time it takes to get things done in local government compared with the world of business which I previously

inhabited. So I was delighted to see material being unloaded from HGVs in the Muirs to construct the new all-weather hockey pitch, a project which I have been keen to see happen. The project has only come about through joint funding between the Council and the Arthur and Margaret Thomson Trust, a local charity of which I am a Trustee. The Hockey Club applied for, and were granted, £80,000 to supplement their own resources. On the basis of this, the Council agreed to make up the considerable shortfall.

### **Milnathort Football**

The Kinross Colts' application to build a changing facility at the Donaldson Park has been delayed by planning concerns for the well-being of trees at the park. The revised planning application should be decided by the Council's Development Management Committee (Planning Committee) in the spring. The funding offer of £45,000 from the Arthur and Margaret Thomson Trust was time limited and expired. However, I'm pleased to say that the Trust has agreed to extend the time scale for the resourcing of this worthwhile project.

### **Portmoak Community Council**

A Community Councillor from Balgeddie once complained that Portmoak was rarely mentioned by Councillors in the Newsletter. Well, here goes. The B9097 South Loch road may be set to become a very busy road indeed, following the news that the Westfield site in Fife is subject to a planning application for a biomass electricity plant. The talk is of 250 lorries a day using the road in each direction to reach the site. It was thanks to the vigilance of the CC that the community became aware of this proposal which could, if permitted, have a considerable impact on the RSPB site at Vane Farm.

All four Kinross-shire Councillors, together with Portmoak Community Councillors and planning officials from Fife and PKC, met at the campus in January to discuss the obvious concerns. PKC has now formally lodged an objection to the

proposal. The decision whether to permit this development is one for Fife Councillors to take. Time will tell.

### Pace Hill, Milnathort

The application by the Dundas Estates Company to build 80 houses (of which 20 would be affordable homes) on the area of land between the northern boundary of the village and the M90 motorway, has been withdrawn.

Given the volume of comments from Milnathort folk in relation to this proposed development, I have been taking a close interest, so I immediately contacted Council planning officials to discover the reason for the withdrawal. It seems the reason that the application cannot proceed in its present form is a technical one. I therefore expect the application to be resubmitted in a modified form at some point. As a member of the Development Management Committee, I am legally obliged to express no opinion on any planning application in advance of the hearing to decide its outcome.

### **Local Development Plan**

In course of discussion at Fossoway CC the other evening, a resident expressed disapproval of including sites around Crook of Devon in plans for future development. His point was that he liked living in a village and wanted its rural character kept without more houses being built. Having seen Milnathort expand considerably in my own lifetime, I fully understand the frustration of those who see Kinross-shire becoming more urbanised.

The underlying reason for the growth in housing relates to Scotland's increasing population. People need a place to live, so under the Planning Act the Government obliges councils to publish a local development plan identifying suitable sites for houses with the intention of balancing the availability of housing land with the expected housing requirement. But what if a Council refused to publish an LDP? Well, it would become a 'free for all' with developers applying to build wherever they chose. This has never happened.

There is one constraint on development in Kinross-shire, much of which is within the Loch Leven catchment area, a fragile ecosystem in respect of phosphate emissions. To protect the loch, the Council has diverted a proportion of Kinross-shire's housing allocation to Perth City.

Councillor Joe Giacopazzi

Campbell joined the firm of J L Anderson, Gardner & Co in 1976 and was appointed partner in 1978. He was then a founding partner in the "new" firm of Andersons LLP in 2007. Campbell's last official day was marked with informal drinks in the office with his current colleagues and many of those who have worked with him over the years. A few hours of nostalgia and tales from the past were 'enjoyed' by all. Campbell, of course, will not be severing all ties with the firm; we will still see him on a regular basis involved in our sociable and charitable activities.

### Community Benefit Society NOTICE OF CONVERSION

Aero Space Scientific Educational Trust ("ASSET") is pleased to announce its conversion to a Community Benefit Society ("CBS"). This conversion has been effected to ensure that ASSET is community led, controlled and operated for the benefit of the community it serves.

Explaining the rationale for this Alisdair Stewart, Chairman said...

"ASSET was established as a Company Limited by Guarantee and registered as a charity with OSCR. Over recent months it has become evident that our corporate structure was impeding discussions with key funders who felt ASSET was too narrowly governed despite the fact that it has an open membership. Conversion to a CBS makes the open membership structure much more transparent and ensures that control, ownership and benefits are clearly vested in the Kinross-shire community."

ASSET will continue to operate as a not for profit charity whose objectives are the advancement of education, heritage and science in relation to aviation, astronomy, technology, science and space for the public benefit. Aero Space Kinross will continue to be wholly owned and operated by ASSET.

## John Swinney sees new school under construction

Deputy First Minister of Scotland, John Swinney, visited the construction site of the new Kinross Primary School on 20 January.

The visit by the Deputy First Minister, who is also Cabinet Secretary for Education, marked the start of the major construction phase, with steel beams being erected.

Once completed, the new Kinross Primary School will have an increased capacity of 566 pupils, with a dedicated nursery provision for 64 children. Inside the school there will be 18 open-plan teaching zones, a dedicated gym hall and separate dining facilities. Outside, there will be a grass pitch, Multi Use Games Area (MUGA), outdoor teaching facilities and eco-features.

On the same day Mr Swinney also visited the construction site of the new Tulloch Primary School in Perth. The new schools are being jointly funded by the Scottish Government and Perth & Kinross Council.

## The 39th Glenfarg Folk Feast comes to town!

For the second successive year, Kinross is to host the Glenfarg Village Folk Club's Feast, the event taking place over the weekend of **7-9 April** and being centred around The Green Hotel. This will be the 39th such Feast and will be a prelude to a very special 40th celebration already being planned for 2018! The committee all agree that this year's line-up is indeed very special and the event should prove to be the best for many years.

Steve Tilston and Jez Lowe

So what is on offer? Well, apart from the expected singarounds, sessions and general background of music in the hotel and village pubs, the celebrations will get underway on the Friday night with a Ceilidh-Concert to get the spirits aroused for the remainder of the weekend. The dancing will be under the lead of The Craigie Collective Ceilidh Band, although there will also be entertainment provided by invited guests. This is a new initiative for the format of the night and should add to the overall enjoyment of the attendees. Saturday will bring a morning's guitar workshop conducted by Maurice Dickson, followed by an organised singaround. After that, there will be the Original Song Competition; this year's theme is "Wildlife", and the trophy

for the event will be awarded to the funniest original song of the afternoon. After the laughter has died down from that event, we have a brilliant concert at night featuring the exciting young band Dallahan, the amazing John Tams and Barry Coope, the wonderful voice of Robyn Stapleton and the club's very own merry band of local minstrels and songsters, the Farg Folk. The line-up for this concert is quite exceptional and is guaranteed to be a sell-out.

Having thought that it couldn't get any better, Sunday starts with a special event as it will feature A Conversation with John Tams, followed by another singaround, followed by a children's entertainment featuring the amazing Artie Trezise and Ryan Moir, followed by the world famous Puff-a-Box championships! There will be no let up as we move to another great night at Backstage featuring the legendary Steve Tilston and Jez Lowe on stage together, the brilliant young Irish group Na Leanai, and the wonderful guitarist and singer Maurice Dickson. All in all, this promises to be another great night with another seriously sensational lineup to bring the weekend to a close. Further information on all of the above and on available accommodation can be found on our club website www. glenfargfolkclub.com and tickets can be obtained either online through the web site or our ticket hotline 07944 665617, or through tickets@glenfargfolkclub.com

Robyn Stapleton will sing on the Saturday of the Folk Feast

The committee have done their bit and would now love you to come along and show just how good a weekend's entertainment you have on your doorstep. Hope to see you all there!

Talented young Irish group, Na Leanai

## Loch Leven Music Tuition opens studio in Kinross

After many successful years providing music education in Kinross-shire and across the UK, Loch Leven Music Tuition is opening a studio in Kinross.

Loch Leven Music Tuition provides tuition for guitar, bass, ukulele, and drums. Alongside the work undertaken in Kinross-shire, Sam (owner of Loch Leven Music Tuition) has worked across the UK providing music education to a diverse clientele ranging from local community groups to the BBC.

The studio will enable the further expansion of Loch Leven Music Tuition's activities. These include: Rockschool's new 'Music Production' syllabus; support for SQA qualifications; singing lessons; percussion workshops and 'Kid's Rock!' workshops.

Sam started teaching in Kinross-shire as a supplement to his work in various Scottish bands in 2011. Now, Loch Leven Music Tuition has grown to be the largest music tuition provider in Kinross-shire, operating seven days a week, all year round.

It will no longer be a one-man show, however; Sam will be joined by top educators providing one-to-one and group sessions for all ages, abilities and interests.

The studio opens early March.

Keep your eyes peeled for Loch Leven Music Tuition at local

events (and keep your ears open for Loch Leven Music Tuition's students performing in Kinross-shire and beyond!) Further information available from:

## Kinross firm investing in young people

Mozolowski and Murray has received an Investors in Young People Award (IIYP) by the Minister for Employability and Training, Jamie Hepburn MSP.

The minister presented the award to a group of young employees at the company's Kinross manufacturing base in January as he toured the factory and met with their manufacturing and construction teams.

The minister met with Darren Gardiner (20), an apprentice builder on a CITB 4-year apprenticeship; Scott Wilkie (18), an apprentice builder on a CITB 4-year apprenticeship; Jamie Johnston (26), in-house trainee painter; David Peden (24), site painter following a two-year in-house apprenticeship and now part of the main painting team; Regan Smith (18), in-house trainee stores operative undertaking her SVQ in Warehousing this year; Graham Kilby

(22), trainee joiner's mate undertaking an in-house site joiner apprenticeship. Kerr Meiklejohn (19), apprentice joiner, was unable to be present due to onsite commitments.

Mozolowski and Murray is Scotland's leading glass and timber structure specialist. The independently owned business employs over sixty staff, apprentices and young people.

### **Councillor Cuthbert**

### **Council Election 2017**

I note that a number of people have started announcing that they will be standing for various political parties in the local government election in May this year.

I have been absolutely delighted and proud to act as your representative on Perth and Kinross Council and thought that I ought to also say that I will be standing again in May, as an Independent candidate.

### **Unfinished Business**

One of the characteristics of the Council is that it moves slowly. I think I am starting to get things to change at Perth. I will give more details in my campaign leaflets about this.

### The two roles of a Councillor

Councillors have two roles, one being to act as a local member resolving local issues, the other being to act as a Councillor on committees.

Over the last five years, I have been sucked into doing a lot more committee work than I would have liked. This is due to the death of Cllr Alan Jack who was an Independent Councillor. With his death, I had to pick up his committees. Again, I will give more detail on this in my campaign leaflets.

### **PKC Budget**

Over the last few months I have been working on the Independent Group Budget Proposals. This has been made much more difficult due to external forces changing how much money the Council will have available. I believe in consensus and am trying to work with other political parties to get the things the Independent Group wants in the budget. I also think it is important that all elected members participate in designing the Council's final budget.

### Risk Awareness v Risk Aversion

Up until now the Council has had a culture of risk aversion. This has meant that officers would not do anything which was deemed to be potentially risky.

I have been questioning this since I was elected in 2012, the problem with this culture being that it leads to a blame culture and, in my view, prevents innovation and change.

I have been pushing for a more open, risk aware approach. Taking this approach means that it is possible to try new ideas, evaluate them and, if successful, keep doing them. If not successful then accept they haven't worked, chalk it up to experience and move on.

So, I was delighted when a paper entitled "Corporate risk management strategy" came up at the February meetings of the Strategic Policy & Resources Committee (on which I sit) and the Scrutiny Committee (on which I also sit). This paper effectively introduced a risk aware policy rather than a risk averse one for the Council. Both committees welcomed the paper and it is now Council Policy.

I will be watching to see how this impacts going forward. Personally, I think it is excellent news.

### **Action Partnerships**

I am pleased to say that the Kinross-shire, Almond and Earn Action Partnership has come to life... at last!

The Partnership has £20,000 available for granting to local groups to help address inequalities. Kinross-shire will have £10,000 available and Almond and Earn £10,000. Bids for up to £1,500 are now being sought. [See p. 9 for more information.]

### **Review of Community Campuses**

I mentioned last month that a paper was coming to the Lifelong Learning Committee outlining proposals to change the way that Community Campuses operate.

I sat on this committee and spoke on the paper, which was approved at the meeting with an instruction that a report should be brought back to the committee on how the campuses will be better marketed.

I said last month that I would outline some of what this paper means for the Kinross-shire Community – it is complex!

**Charges** – the cost of hire of rooms is to be reduced by 20%. **Food** – Community groups are to be allowed to make their own tea and coffee and bring in their own food.

**Community Campus Management Committee** — is to be changed to include elected members and community reps. This is important as it will hopefully: prevent regular bookings from being summarily cancelled; stop the refusal of bookings by sports groups competing with Live Active Leisure; Encourage the campus to become more community focussed.

### **Kinross Town Centre**

Your local members have been assured that a controlled crossing will be put on the High Street near to the Co-op and that a potential crossing will be investigated near to the chip shop. In addition to this, further mitigation measures are to be implemented in the area to make it work better and feel safer.

The work on this is being held up due to a lack of funding for the road safety team at the Council. I am trying to get money in the budget to address this.

# Thefts of equipment from Powmill in Bloom and Crook and Drum Growing Together

I have been working with these two bloom committees as I think the work they do is fantastic. However, both groups have suffered from equipment including planters, benches, flower pots and the like being stolen.

If anyone knows anything about this, please let me know.

### **Broadband**

The roll out of Broadband continues in the area, at a snail's pace, in my view. The good news is that the Council and the Scottish Government have announced additional funding to get high speed broadband into homes as quickly as possible.

### A977 mitigation measures

Councillor Barnacle and I have been working hard to get these measures on the road as soon as possible. Unfortunately, the employee recruited by the Council to deliver these improvements left soon after he joined the Council. We have been told that a new employee has been recruited. Watch this space.

There is a lot more going on, but again I have run out of space!

### News from the Health Centre

### **Ovarian Cancer Awareness Month**

7,000 women a year are diagnosed with ovarian cancer in the UK, but most women are still unaware of the symptoms to look out for. Target Ovarian Cancer is a UK charity which works to improve early diagnosis. It also funds life-saving research and provides support to women with ovarian cancer. Their awareness campaign this month, which is supported by the Health Centre, is aimed at increasing knowledge amongst women of the signs and symptoms of ovarian cancer.

Ovarian cancer cannot be detected by the smear test, so it is essential for women to know more about it so that they can raise any concerns as soon as possible with their GP or practice nurse. The symptoms of ovarian cancer are frequent (they usually happen more than 12 times per month) and persistent. They include: increased abdominal size/persistent bloating; difficulty eating/feeling full; pelvic or abdominal pain; needing to wee more urgently or more often. Other symptoms can include unexpected weight loss, change in bowel habits and extreme fatigue.

If you have any of these symptoms more than 12 times a month and they are not normal for you, please telephone Reception on 01577 862112 and make an appointment with your GP or one of our senior nurses. Further information is available on the Target Ovarian Cancer website: www.targetovariancancer.org.uk

# Elizabeth Smith MSP for Mid Scotland and Fife

Last month the Queen celebrated her Sapphire Jubilee, marking 65 years on the throne. She is the first British monarch to reach this incredible milestone and is

showing no signs of slowing down as she approaches her 91st birthday.

In those 65 years she has seen 13 prime ministers come and go, witnessed the rise and fall of communism and worked hard at both home and abroad to represent the UK and our interests. The premature death of her father in 1952 resulted in the young Elizabeth ascending to the throne at just 27 years old; a job that she was born into but perhaps not fully prepared for. Any signs of inexperience were thrown aside as she embarked on a lengthy tour of the Commonwealth where she drew huge crowds and significant praise from the political leaders of the day. This resounding success set the tone for a reign that has seen her role and Britain's place in the world transition, yet throughout it all she has reigned with poise, stoicism and control.

In these uncertain political times, the stability brought by the Queen as UK Head of State is of huge benefit. In the weeks running up to her low-key Sapphire Jubilee, newspaper chatter centred on how she would handle the forthcoming state visit of President Donald Trump. William Hague perhaps best summed up how she would perform by stating that she could more than handle the visit of a "brash billionaire from New York". This speaks to the Queen's ability to deliver in even the most pressured circumstances.

The Queen has always held Perth and Kinross in high regard. In 2015 she visited horse trials at Blair Castle on the very week that she became Britain's longest serving monarch. In previous years she has made official visits to Scone Palace and is known to love Kinross-shire's rolling hills. Perth and Kinross is home to two Royal Burghs, Perth and Auchterarder, and the people of this area hold their Queen in high regard. She has a very special relationship with Scotland and every year spends a week in the summer at Holyrood for Royal week. She is also an enthusiastic supporter of the Braemar Highland Games and has given patronage to charities promoting Scots Gaelic and the ancient pibroch style of piping.

As the UK moves into its new role post-Brexit, the role of the monarchy will play an important part in providing the stability and security that the Queen has delivered for 65 years. Although her diary might be a little quieter as she enters her tenth decade, I would like to congratulate her for her achievements thus far and wish her all the best as she moves towards her Platinum Jubilee.

As always I can be contacted at The Control Tower, Perth Airport, Scone, Perth PH2 6PL tel: 01738 553990 or email: Elizabeth.Smith.msp@parliament.scot

# Rams killed on RSPB land in suspected livestock worrying incident

Police are appealing for information from the public after two Beltex rams were found dead near the Loch Leven Heritage Trail.

The suspected livestock worrying incident happened sometime between 8am on Friday 10 February and 2pm on Saturday 11 February in a field close to the Gairney Burn on the RSPB reserve. This is in the vicinity of the viewpoint structure.

Farmer Kevin Davidson, owner of the stock which grazes on RSPB Scotland's Loch Leven reserve at Vane Farm, said there were welfare and financial implications as a result of the incident. There were 12 years of breeding behind one of the rams and Mr Davidson no longer has any of that bloodline left.

Anyone with any information is urged to call the Police on 101, quoting crime reference CR/3886/17, or to telephone Mr Davidson on 07790764242. Or information can be passed anonymously via Crimestoppers on 0800 555 111.

Uwe Stoneman, Tayside Reserves Manager with RSPB Scotland, said: "Grazing by sheep and cattle is very important to create a home for wildlife at RSPB Scotland's Loch Leven Reserve. Without grazing, the wet grassland would shrub over and species like the peewit (or lapwing) would not be able to breed.

"I am very pleased to have worked with Kevin as our grazier for the last three years. I know that he cares deeply for the welfare and wellbeing of his animals. As the Manager for the site, I am truly shocked and disappointed about what happened. We want people to use the Heritage Trail, enjoy the reserve and bring their dogs if they want – but livestock and wildlife must be protected. The vast majority of people behave responsibly, and this is a terrible, but thankfully isolated incident. If people have seen anything that could relate to the incident, please report it to the police."

The loss of the rams occurred just days before the launch of a campaign to raise awareness amongst dog owners about the devastating effects of livestock worrying.

### Warning to dog owners

Dog owners are being warned their animal could be killed if it is found to be in the presence of sheep, even if it has not physically attacked them or chased them.

The warning is part of a campaign launched by the Scottish Partnership Against Rural Crime, in partnership with Police Scotland, Scottish Natural Heritage, NFUS, Scottish Land & Estates and the Kennel Club, to raise awareness amongst dog owners about the devastating effects of livestock worrying.

The campaign seeks to highlight to dog owners who live in or walk their dogs in the countryside that they must act responsibly and keep their dogs under close control. Results from a similar campaign last year showed two-thirds of all reported crime involved a dog which was either local to the area or allowed to roam free, or had 'escaped' from a house or garden.

A dog attacking, chasing or even being at large in a field where sheep are kept can lead to significant injury and often leads to the sheep being killed or destroyed. Such attacks have a financial and emotional impact on the farmer and cause immense suffering to the animals and are avoidable if dog owners follow some simple steps.

Inspector Jane Donaldson, Police Scotland's Rural Crime Co-ordinator, said: "The worrying of livestock can have devastating consequences for farm animals and has an obvious financial and emotional impact on farmers and their businesses. This campaign is being launched to coincide with the spring lambing period because this is when sheep are at greatest risk.

"The vast majority of livestock worrying incidents involve sheep and can occur when a dog attacks, chases or, in the case of sheep, is at large (not on a lead or otherwise under close control) in a field where livestock is kept. The devastating effects of a dog attack are evident and cannot be overstated but significant damage can also be caused by a dog simply being present in a field. Pregnant ewes can abort their lambs or lambs can be separated from their mothers, causing distress and in some cases malnutrition.

"The advice to dog owners who live in rural areas or anyone walking and exercising their dogs in the countryside is to ensure they are under control at all times and avoid going into fields where livestock is grazing. The Scottish Outdoor Access Code says dogs shouldn't be taken into fields where there are lambs or other young farm animals."

"We are encouraging farmers and landowners to engage with dog walkers and to put signs up on gateways and on key roads and paths alerting them to the presence of sheep and lambs in their fields," added Inspector Donaldson.

Farmers and those who use the countryside are urged to report all incidents of livestock worrying to police on 101 or 999 in an emergency.

Preventative measures can be also be taken using Dog Control Notices issued by the local authority. These written Notices can be served on owners who do not keep their dogs under proper control and place control measures such as keeping the dog on a lead or being muzzled in a public place.

Police Scotland will also enforce the existing legislation robustly, ensuring all reported cases of sheep worrying are thoroughly investigated and offenders reported to the Procurator Fiscal.

# Acclaimed actor backs Seamab campaign

He's currently inundated with red carpet appearances and television interviews thanks to the release of T2: Trainspotting, but actor Robert Carlyle has taken time out of his hectic schedule to support local children's charity, Seamab.

Robert has shared his childhood memories as part of Seamab's Pocket Money Campaign, to raise funds and awareness of the charity's work with some of Scotland's most vulnerable children.

Actor Robert Carlyle is supporting Seamab's campaign

Robert reflected back on a time when two shillings meant the world: "I thought I was rich and spent it on a comic, a packet of Polo Mints and a packet of crisps. I got the same amount every week intermittently over the next few years and I always bought the same thing. I would read the comic over and over, eat all of the crisps very slowly and half of the mints, saving the other half for the rest of the week when I would have one a day till the next Saturday came around!" Seamab is at Rumbling Bridge, Kinross-shire. For more than 28 years it has been caring for and educating children with complex needs, following experiences of abuse, neglect, trauma and loss.

### **Kinross Community Team**

From the middle of January 2017, Kinross Police Office have a new designated Community Policing Team.

Sergeant Nichola Forrester is the new Community Sergeant along with Constables Dougie Stapleton and Atholl Spalding.

The new policing model in South Perthshire, including Kinross, allows for locally based community officers to be visible in the area they are dedicated to, engaging with the community.

Constables Stapleton and Spalding will be primarily tasked with identifying repeat issues and tackling them with problem solving approaches. This will include focused activities within the community including dedicated Hi-Visibility foot patrols, speeding issues, neighbourhood disputes and building long-term relationships with the local schools, community groups and Community Councils.

Constables Stapleton and Spalding will be holding Community Surgeries at various locations locally during the forthcoming months where members of the community can meet them and discuss any local Policing issues they may have.

Community police officers Atholl Spalding and Dougle Stapleton

The new Community team has a wealth of not only Police service but community policing experience and are happy to discuss any issues. They can be contacted direct via 101 or via the already set up community e-mail for Kinross. (See right.)

PC Spalding is also on Police Scotland twitter and can be followed on twitter.com/policescotland or @KinrossPc From next month there will be a regular updates from the officers regarding local crime issues and ongoing campaigns etc.

Here's some background to your community policing team.

### **PC Dougie Stapleton**

Dougle joined Police Scotland in 2011 and has been a community officer for four years.

Dougie resides in Kinross and is married with two children, aged 16 and 12. Dougie was born in Liverpool and his hobbies include horticulture, socialising and carpet bowls.

### **PC Atholl Spalding**

Atholl joined Tayside Police in 1997 and has served in Perth, Auchterarder and Crieff as a response officer before spending the last nine years as a Community Officer in Perth City Centre and now Kinross.

Atholl resides in Kinross and has three children aged 14,11 and 7. Atholl was born and bred in Kinross and his hobbies include football, golf and boxing.

### **Sgt Nichola Forrester**

Nicky joined Tayside Police in 1992. She has worked throughout Tayside in various roles including a community role in Perth. PS Forrester has also served as a Community Sergeant in Blairgowrie.

Nicky resides in Perthshire and has two children aged 15 and 17.

# **Community Council News**

The Community Council News is based on draft minutes of local CC meetings. Full draft minutes are posted on local websites and notice boards. Please note, the Community Council News is not a verbatim reproduction of CC minutes. Where there are two months' worth of reports, there will be a considerable amount of editing.

### Kinross Community Council News from the February Meeting

**Present** at the meeting held on 1 February 2017 were: CCllrs B Freeman (Chair), E Thomas (Secy), M Blyth, J Bryson, D Colliar, B Davies, I Jack, D MacKenzie and T Stewart; P&K Councillors D Cuthbert and J Giacopazzi; Sgt Nichola Forrester and PC Atholl Spalding. No members of the public.

**Apologies** were received from CCIIrs M Scott and D West and P&K CIIrs M Barnacle and W Robertson.

Declarations of Interest: None.

Police Report: Sgt Nicky Forrester and PC Atholl Spalding were welcomed. Sgt Forrester explained that there is a new policing model for the area. [See page 25 for more.] A lot of police matters now are concerns rather than crimes, e.g. vulnerability, threats, drugs, alcohol and mental health issues. The CC had sent an enquiry about detection rates. There were some sneak-in thefts recently and the theft of a vehicle, which were all linked to a male and female (drug users) who were arrested. There was one recent incident of driving without a licence. Cllr Giacopazzi wondered if the former warning system to alert shopkeepers to shoplifters might be reintroduced. The police will look at this. Other topics discussed were: speeding and techniques for dealing with it, litter in the countryside, supply of alcohol to children, anti-social behaviour by youths, selfish parking at primary schools and Police use of social media. Sgt Forrester and PC Spalding were thanked for their attendance.

**Defibrillator and telephone kiosk**: CCllr Davies reported that BT have released the Muirs kiosk to PKC. Mrs Hunter sent an update regarding fund-raising and will be in touch with CCllr Davies.

**Toilets at Pier**: Cllr Robertson has held further meetings with stakeholders. TRACKS will steer the project. Representatives of SNH and HES are consulting with their organisations. CCllr Davies has attended meetings as the CC representative. He stressed that the proposed toilet block should be regarded as a temporary measure; ultimately, the aim should be to have a high quality visitor centre.

**Streetlights**: Cllr Robertson reported via email: the lights on the Muirs had been brightened previously. Nothing can be done to increase the spread of light.

Campus Review: PKC's Lifelong Learning Committee had discussed the campus review report on 25 January. Cllr Cuthbert reported that there will be several changes beneficial to the community, e.g. reduction in room hire charges and more flexible arrangements for not-forprofit groups organising refreshments. A member of the public had left a message on the CC Facebook page (under the post advertising the December minutes) expressing disappointment that the CC is "trying to overturn the campus ban on children bringing food in from outside..." The CC was puzzled by this remark as the CC had not taken any particular stance on this issue. It was agreed that a response should be posted, quoting the relevant parts of the December minutes. Hearing loop: Lodge St Serf have fixed the hearing loop and supplied a microphone. The Secretary had thanked the Lodge Treasurer.

**Venue**: The Secretary had checked with CC Liaison to see if CCs are entitled to free room hire at the campus; they are not

Paperless bin collection calendars: PKC had responded to the CC's complaint over the Council's change to calendars having to be downloaded from the internet rather each household being sent one. Ms Bell explained all the various ways that the public have been informed about the change and repeated that residents without a computer can access a computer at the library. Residents who require a large print version are entitled to have a calendar mailed to them.

Street Naming: Reply received from Lisa Wilkie, PKC Street Naming and Numbering officer. GS Brown will not change the name of Bishop View as they have sold nine of the ten apartments and the name is in the deeds. If there is any system in place to avoid confusion or repetition, it is not working, as Ms Wilkie quoted several more street names in Kinross-shire with the word 'Bishop' in them. The CC has reached an impasse in attempting to be consulted, in that ward Councillors had encouraged the CC to write to Ms Wilkie but she had said the decisions lie with the Councillors. The Secretary was asked to forward all emails on this subject to Cllr Giacopazzi who will follow it up.

### **Planning Applications Submitted to PKC**

16/02166/LAW Extension to dwelling house, 20 Pier Road, Kinross. No CC comment.

16/02132/FLL Erection of a dwelling house and 2 garages, land 50m W of Easter Cockairney Farm, Kinross. No CC comment.

16/01931/ADV Display of a sign, former Kinross High School, 8 High Street, Kinross. Agreed to object, as experience has shown that development names end up becoming permanent and the CC would like proper consultation on the name.

16/02146/FLL Erection of a dwelling house and stables and formation of a private riding arena and vehicular access (change of house design), land 120m W of Chance Inn Farm. No CC comment.

Kinross Town Hall: 16/02053/LBC Alterations, 108-114 High Street, Kinross, and 16/02054/FLL Change of use and alterations to former town hall, public library and post office to form 9no flats and installation of replacement windows and doors. The CC had requested an extension to comment. PKC had failed to send out the relevant planning list in mid December so community councillors were unaware of the application until January. The applicant's design statement referred to a meeting with ward councillors on 21 November. Cllrs Cuthbert and Giacopazzi were asked why ward councillors had not mentioned this at the CC's December meeting. They said the developer had not even decided what use he was putting the buildings to when they met him so did not think there was anything to report to the December CC meeting. The CC planning sub-committee had drawn up a report with draft comments for the CC to consider. It was agreed to submit a letter of comment largely in line with this. Comments included: welcoming the reuse of the buildings but expressing regret that there is no commercial or community element; welcoming the retained single ownership of the building group (dwellings are to be let); stating that unauthorised works must be dealt with appropriately; strong objection to the suggestion that the developer could acquire the public areas around the fountain and in front of 117-129 High Street for private parking.

### **Planning Applications Determined by PKC**

16/02166/LAW Extension to dwelling house, 20 Pier Road, Kinross. Approved.

### **Planning Correspondence**

- New Primary School landscaping. The CC had received an email in December saying that, due to new fencing, more of the beech hedge had to be removed than originally planned.
- Scottish Government Consultation on plans for the future of the Scottish planning system, with closing date of 4 April. Cllr Giacopazzi said this is about 50 pages long. It was suggested that community councillors look at it before the March meeting.

Kinross Town Centre Regeneration: CCllrs Davies and Thomas had accompanied the four ward councillors and three council officers on a two-hour walkabout in the town centre on 13 December to discuss issues. The four Councillors had a meeting with roads officers in January to discuss measures to be implemented. Cllrs Cuthbert and Giacopazzi said these would be: a pelican crossing near the Co-op; *perhaps* a pelican or zebra crossing at the southern end of the regenerated area; perhaps more narrowing at the southern end; signage; reflectors on the bollards in town hall area; bollards separating traffic from pedestrians at the givetake. The CC noted that in his letter to the CC dated 7/10/16, PKC officer Willie Young had said that the CC could be present at a meeting with ward councillors and key representatives following the walkabout, but the CC had not been invited. It was agreed the Secretary would write to Mr Young pointing this out and asking for a definitive list and description of the measures to be implemented.

Advertising boards have begun to appear on roundabouts in Perth & Kinross

Advertising on Roundabouts: Bright pink boards had appeared on roundabouts in Perth & Kinross towards the end of 2016 inviting businesses to advertise on the boards. PKC has entered into an agreement with a company with experience of arranging advertising and sponsorship of local authority assets across the UK. PKC expects this to generate income for the Council early in 2017. There are three boards on the Station Road/Springfield Road roundabout in Kinross.

### **Community Council News**

An invitation to comment on this on the CC and Newsletter Facebook pages had elicited over 60 comments in 23 hours, approximately 87% of which were negative. The main points made were: the signs are tacky looking and spoil the entrance to Kinross; they are distracting; they obscure other traffic and the signals of other traffic; don't they require planning consent? Several residents took the opportunity to state that traffic coming off the motorway is travelling too fast on the approach to this roundabout. CCIIrs Jack and Davies pointed out that advertising on roundabouts is not advisable according to the Dept of Communities and Local Government Planning Practice Guidance 2014. Cllr Cuthbert read out an email from PKC officers which said: "As these signs are not classified as advertising but promoting sponsorships, they do not fall into the category of requiring planning consent, Nick Brian Head of planning supports this." Take-up of the sponsorship appears to be zero so far. CCIIr Bryson wondered why PKC had not tried a pilot scheme for one or two of the busier roundabouts in Perth first before rolling this out across the whole authority area. More details of this PKC initiative can be found in a Report on "Transformation Review of Council Assets for Commercial Sponsorship" which was approved by PKC's Strategic Policy and Resources Committee on 30/11/16. Other assets available for sponsorship are bins, lighting columns etc. In the next tranche, the naming rights of greenspaces and parks will be available. This could cause anger in communities if parks named after local people were changed to commercial business names. It was agreed that the secretary should write to the appropriate Council officer expressing the CC's concerns. Cllr Giacopazzi said that PKC committees cannot rescind a decision within six months.

**KCCNL** Charity Changes: A report on changes to the Memorandum & Articles of KCCNL had been circulated to community councillors. The actions suggested were agreed, i.e. to pay the solicitor's bill and to call a meeting of KCCNL Directors and community councillors to discuss various matters.

**Correspondence**: A summary of all correspondence received since the December meeting was circulated prior to the meeting. Items mentioned were:

Twenty's Plenty: Request from "20's Plenty for Us" to start a campaign group in our area. The CC decided not to.

MSPs: The office manager for MSPs Murdo Fraser, Dean Lockhart, Elizabeth Fraser and A Stewart ask if the CC wishes to bring any particular issues to their attention. Suggestions can be made at the next meeting.

**Reports from Ward Councillors**: Cllr Giacopazzi mentioned that the new surface at KGV is being laid.

**Attendance**: Why do so few members of the public attend Kinross CC meetings? Perhaps the Newsletter is too comprehensive.

**Bus information**: CCllr Jack raised an anomaly with the signage and timetable information at the bus stops at the park & ride. The secretary will write to PKC's Andrew Warrington. **Chance Inn potholes**: CCllr Stewart reported that the potholes have returned.

**Campus parking**: A query was raised about parking rules at the campus. CCIIr Colliar said that some visitors recently received parking tickets while attending an evening event. CIIr Cuthbert asked to be sent the details and he may be able to help with an appeal.

The Next Meeting of Kinross CC will take place on Wednesday 1 March 2017 at 7.30pm at the Masonic Hall, Muirs, Kinross.

# Milnathort Community Council News from the February Meeting

In attendance at the meeting held on 9 February 2017 were: CCllrs K Heneghan, E Kirkham, C Lawson, C Williams, S Young, M Leach and S McHardy; P&K Cllrs W Robertson J Giacopazzi. **Apologies** from CCllr Cartwright and P&K Cllr D Cuthbert.

**Police matters**: No police in attendance. There has been a break in at Curler's Crescent, Milnathort and items were stolen from a car in Back Loan.

**New members:** Two new members have been vetted by PKC and have been proposed and seconded by members of the community. They were voted in by the four MCC members in attendance. The new members are Matthew Leach and Stuart McHardy. MCC were delighted to welcome them. MCC now has a full complement of eight members.

**Notice Boards:** There are two community notice boards, one at Giacopazzi's and one in the bus shelter. The one at Giacopazzi's was acquired and paid for by the previous CC. The one in the bus shelter leaks and is not fit for purpose. It is too expensive to purchase a new board. Steven is to try to get the notice board at the bus shelter fixed and the one at Giacopazzi's is to be tidied up. MCC to take back control of the board at Giacopazzi's for CC use.

### **Planning Applications Submitted**

Alterations and extension to dwelling house at Craigwell. Alterations and extension to dwelling house at Burleigh Fam Cottage.

Erection of a football pavilion at Donaldson Memorial Park. The resubmitted planning application for the football pavilion has a new reference number 17/00077/FLL. Comments to be in to PKC by 14 February. A tree survey has been carried out and the building has been moved further forward away from the trees. Other than that, the proposal appears the same as the first planning application.

One resident sent in a petition with eleven names on it but PKC states that it will only count as one comment. It was also noted that PKC will not carry forward comments from the previous application. The elected Councillors were asked why, if there were negligible changes to the application, was there not a case that comments from the first application should be carried forward? Joe agreed that there is a strong case and that he fully expects it to go to the Development Management Monthly Planning meeting in March. Steven asked the elected Councillors what the point of a petition is if it only counts as one comment. Willie said that one comment even if signed by 1,000 people is still classed as one comment. He did, however say that Councillors do have access to look at all the comments and petitions before the meeting (if they choose). Willie said that the petition should go to the committee.

### **Scotlandwell Frames**

Bespoke framing for your sport shirts, photos, paintings, prints & mementos...

14 Friar Place SCOTLANDWELL Call Stuart Garvie 01592 840825/07788 142909 The question was raised why the resubmitted application had a different number. The reason being that it was lodged and withdrawn and that the position of the pavilion has changed. Joe raised the issue that no one was advised that the application had been resubmitted. One resident received an email but it appears no one else who commented on the previous application was advised by PKC.

Stuart asked why the trees in Donaldson Park had been tagged and raised concern about the distance of the building from the trees. According to the Royal Institution of Chartered Surveyors' website, buildings should be erected a minimum of 10-15m from any trees. The tree survey seems to have approved the pavilion being much closer than that.

### **Planning Applications Determined**

Alteration and extension to South Coventry Way.

Installation of telecommunications equipment, erection of fence and formation of access, land 170m south west of Whitehall Farm at Path of Condie.

Alterations and extension to dwelling house at Craigwell.

### **New Matters and Correspondence**

**Tarmac**: Matthew mentioned that tarmac is breaking up on South Street at the entrance to Donaldson Park, and on North Street opposite the grass. Joe to provide Matthew with details for BEAR Scotland to follow up. A comment from the public also raised concerns at the state of the tarmac everywhere in Milnathort. Steven mentioned Church Street; some potholes were over 2 inches. Joe to take this forward but said there will be no money available until after April. It was suggested that the surfaces be dressed rather than filling potholes.

Litter: Matthew highlighted the amount of rubbish in several areas of Milnathort. Willie mentioned that there had been problems in the past with litter to the left of the High School near the entrance to Lethangie, but because the rubbish was on private property PKC would not clear it up. This is an ongoing problem. Willie asked that people let him know of areas of concern. There was a problem with litter last year on the on and off ramps on the M90. This is the best time of year to address litter while the grass has died back. There is also more rubbish after strong winds when residents' wheelie bins have blown over.

Stuart mentioned that PKC contractors collected the leaves in Donaldson Park but left the rubbish.

Matthew asked whether the community should be doing a "Spring Clean". It could be an activity to get the community together and it could work in conjunction with the council. Steven mentioned that we should all be taking pride in our "Best Kept Village".

Richmond Homes: Campbell raised concerns about the Richmond Homes site on Wester Loan now that they have gone into administration. They have left the site in a mess. Joe suggested that Campbell find out who the liquidator is. Joe to raise this with the Enforcement Officer, David Rennie. A resident also commented about the site asking if, when work starts again, that the health and safety of the public is considered. Previously there were cars parked on the pavement and members of the community were having to walk on the road including the elderly, people with prams and children on route to school. Safety should be paramount. The road is narrow and Richmond Homes had previously asked residents to move their cars. The crane was also very near the high voltage cable. Joe said that parking on

### **Community Council News**

the pavement was a matter for the police. If a car is parked on the pavement it is an obstruction and the vehicle can be removed or a fixed penalty notice could be issued.

Campbell mentioned that no planning consent would be needed if another company took over the contract for the Housing Association from Richmond Homes.

**Action Partnership**: There is £10,000 available for organisations in Kinross-shire to bid into to support efforts to close inequalities with a limit of £1,500 per organisation. Elyse to look in to it and also ways to attract more funding.

Victoria Avenue: Craig raised concern about traffic still going the wrong way down Victoria Avenue, which is now one way. Vehicles reversing due to oncoming traffic is causing disruption. A member of the public also mentioned cars driving the wrong way down Church Street, which is also one way.

Bins: Steven mentioned the new smaller green bins. He feels they are too small for a family and is having to take general waste to the tip every two weeks. Additional pink bins may be issued by PKC for families of 5 or more. Comment was made about the restrictions on what can go in the recycling blue bin. It was felt that the PKC website is misleading. Willie responded saying that the council are adamant the introduction of the smaller green bin is the only way to get more people to recycle. Concerns were raised that this may increase fly tipping.

A member of the public mentioned that residents are not allowed to take their smaller green bin to the tip to empty it. They also mentioned that they don't have a car only a van used for work and are therefore not allowed to take residential general waste to the tip. They must seemingly complete a self-certify form from PKC and a waste transfer exemption note from SEPA.

**Trust**: Steven mentioned the Trust responsible for the lease for Donaldson Park. He mentioned that no one knew of the existence of the Trust. He asked that two members of the CC could be added as Trustees along with the two elected Councillors, the Head Teacher of the Primary School and the Minister of Orwell Church. Historically the two additional Trustees were the two bank managers at the two banks now closed in Milnathort. Willie to ask the solicitor dealing with the Trust (Eric Williamson from Wilsons in Kinross) for a quote on what it would cost to add two MCC members as Trustees. Joe felt that this may be a problem. If the MCC members can't be added before the lease to the Kinross Colts is finalised, then it was agreed by all including Joe and Willie that the community would get sight of the lease before it is signed. Stuart asked why the Trustees were considering leasing out the only green space in Milnathort to a club from Kinross. He felt they should be representing the community of Milnathort. Willie said that they are only leasing the space for the pavilion and not the football pitch.

Surgeries: Members of the public had approached Stuart asking if the elected Councillors would consider holding surgeries so that residents could make an appointment or turn up at a set time to raise any issues or concerns they may have. Willie and Joe said that they have done surgeries before and no one ever came. Stuart feels that as elected councillors they are well paid and should therefore be available to the community. Steven asked why people should have to wait a month until the next MCC meeting to raise any issues or concerns. Willie agreed to speak to the other elected Councillors about the possibility of a surgery.

**Council houses:** Stuart raised concerns about the renewal of windows and doors in council owned homes. Willie to look into it.

Stuart also raised concern about a lady who is registered blind whose boiler ran dry because she couldn't see the water gauge on her boiler. Stuart to pass on details to Willie who will look at getting additional support in place.

### **Comments/Questions from the Floor**

A member of the public asked why PKC wouldn't erect a fence to protect his property from the football pitch in Donaldson Park. Joe has asked the Kinross Colts to erect it and they have agreed. A discussion ensued about why PKC can take up to 4 years to erect a fence for residents and why the Kinross Colts were providing something that PKC should be.

A member of the public asked where the materials access will be for the proposed pavilion. Joe said that they need to wait for planning and then a building warrant.

A member of the public mentioned that drinking alcohol in Donaldson Park was not permitted. Willie has asked the solicitor that it is written into the lease that no alcohol should ever be consumed on the premises of the pavilion. If the conditions of the lease are not upheld the Kinross Colts risk having the lease withdrawn.

A member of the public asked where parking for the Kinross Colts would be. Joe confirmed that he had successfully sought permission from PKC to use the school car parks to discourage parking on Church Street.

Willie stated that he had asked for the barrier to be replaced at the entrance to Donaldson Park on Church Street.

### **PKC Councillor Comments**

**20mph:** Willie discussed the new PKC policy on speed limits. There is now more flexibility to where a 20mph speed limit can be introduced. Areas in Milnathort can be considered. Applications should go through MCC.

PKC have said no to a 20mph speed limit at Back Loan before the policy was revised. They have agreed to a no HGV sign behind the Thistle Hotel. Joe said it may be worth MCC writing to request it again.

Steven asked if we could make the whole village a 20mph speed limit. Willie thinks we could apply for roads like Church Street and possibly others to be included.

**Volunteers**: Willie is looking for volunteers to help keep core paths around the village open. [See p. 7.]

**Jessie's Park**: Joe has contacted the Community Green Space team to look at a solution for replacing the wall at Jessie's Park. This won't be done until after April.

**Zebra crossing**: Residents report that the zebra crossing on South Street seems to be making a difference.

**Containers**: Joe to contact the Enforcement Officer at PKC again to have the shipping containers moved from Webster's.

The Next Meeting of Milnathort CC will take place on Thursday 9 March 2017.

# Portmoak Community Council News from the February Meeting

In attendance at the meeting held on 14 February 2017 were: CCIIrs M Strang Steel (Chair); R Cairncross (Secretary); B Calderwood (Treasurer); S Forde; D Morris and A Robertson; Ward Councillors M Barnacle and D Cuthbert; 11 members of the public and PC Atholl Spalding of Police Scotland.

**Apologies:** CCllrs T Smith and C Vlasto; and P&K Cllrs W Robertson and J Giacopazzi. The CC sent its best wishes for a speedy recovery to CCllr Chris Vlasto who had recently undergone surgery.

### **Matters Arising from Previous Minutes**

Our Community Kinross and Earn Partnership. Funding application forms are now available. [See page 9.]

Arrangements at Whitecraigs and Stephen's Field. Following discussions with Bishopshire Golf Club and local residents the Chairman had now written to A & J Stephen setting out the conditions for the CC taking responsibility for the path leading from the A911 at the Golf clubhouse up to Stephens Field. He had also sought a report on progress in resolving the arrangements for maintaining redundant plots of land across Whitecraigs and on submitting a proposal for a development on the retained plot of land at Stephens Field.

# Place Standard Survey for Portmoak: to consider a report on the results to date.

In September 2016 Portmoak CC decided to review local priorities using the Place Standard, devised by NHS Health Scotland, The Scottish Government and Architecture and Design Scotland. This was a simple framework where groups were asked to rate each of 14 factors on a scale of 1-7. Responses were received from a range of groups which represented a range of ages and interests, each of which was made up of 4-6 representatives, plus a large Brownie pack and one individual response. The Pupil Council at the Primary School also completed the exercise. The Table presented reflected a fairly high rate of consistency for most items (Moving around; Streets and spaces; Natural spaces; Play and recreation; Work and local economy; Housing and community; Identity and belonging; Feeling safe; Care and maintenance) and a greater range of responses for others (Public transport; Traffic and parking; Facilities and amenities; Influence and sense of control). The two most highly rated factors were Natural spaces and Feeling safe and the two lowest rated factors were Public transport Influence and Sense of Control. The CC recognised that this provided invaluable information not only to it but to planners in PKC and other groups. Once the final version has been confirmed it will be shared with PKC and other groups and used to support the CC's case for improving Portmoak. The report will be filed in due course on the CC's website. The CC wished to thank all who participated in the survey and who made it possible.

### Kinnesswood:

Re-siting the recycling provision in light of the closure of the Lomond Inn facility. In preparation for a meeting with interested parties, ClIr Barnacle had confirmed that there were significant reservations about re-siting this facility near to or within car park area close to the School. The preferred way ahead was for a CCIIr to join with PKC officers as they examined further options for a site around Kinnesswood. The CC would contact PKC and recommend that CCIIr D Morris participate in this visit.

Car parking in the immediate vicinity of the school. Prior to a formal consultation on the matter the CC had been asked by PKC for its thoughts on proposals to limit parking on the access roads to and in the immediate vicinity of the school. It confirmed that:

- a) the proposed solution should be permanent and not just for an hour when the school opens and closes (large and emergency vehicles require access at all times); and that
- b) restricted parking areas must include the stretch on the left hand side of Buchan Avenue approaching the School and immediately opposite the sharp right hand turn leading to the car park.

Cllr Barnacle was thanked for his help. The CC would write to PKC confirming these views.

Police Report: The CC welcomed PC Atholl Spalding. New community policing arrangements had been introduced. The Kinross Community Team is led by Community Sgt Forrester along with PCs Stapleton and Spalding. [See page 25.] While there was no front desk provision, the Kinross police station was manned 24/7. A recent search for a missing person had drawn on the local knowledge of the Team. Agricultural related incidents including sheep worrying and the theft of quad bikes were a concern. There would shortly be one of several rural crime events to explore preventive strategies. The problems of linking intelligence on road traffic incidents to road safety planning had yet to be resolved. PC Spalding was thanked for his helpful presentation. The CC also noted that the Local Policing Plan (2017-2020) had just been released for early comment. The Area Commander Bulletins of 26 January and 2 and 9 February were noted.

**Treasurer's Report**: The General Account at the end of January was £389.27 while the Michael Bruce Way account was £739.62 giving a total of funds on hand of £1,128.89.

### **Planning**

New applications:

16/02228/FLL RSPB Vane Farm Nature Centre: Construction of an underpass. The CC would write in support of this proposal.

16/02204 FLL Carraigen by Leslie, Change of use of garage to dwelling house. No comment.

16/02243/FLL Scottish Gliding Union, Erection of a staff facility building. No comment.

17/00188/PN Vane Farm, Proposed use of land for Kinross Agricultural Show. No comment.

17/00028/FLL Learig Sandy Lane Scotlandwell, Installation of flue. No comment.

17/00142/FLL Land at Chalet, Lochend Farm, Erection of a dwelling house. No comment.

The CC had been advised of a Proposal of Application Notice: Erection of Holiday Park, Visitor Centre (Ancillary Café/Restaurant with commercial space) and supporting recreational infrastructure, Land at Burleigh Sands. It would respond in due course.

Progress with Developments:

Westfield Restoration and Regeneration Project, Fife (16/03661/EIA). The CC had submitted a response to Fife Council which could be seen on the CC website. It noted a supportive response from PKC which could be viewed on the Fife Council website. It thanked our four ward councillors for enabling a joint meeting with the senior planning officers from both Fife and PKC. Although details were not known Fife Council had signalled that a further consultation was planned.

Former Lomond Inn. Formal consent for this development to proceed awaited preparation and settlement of the related Section 75 order.

*Glenlomond.* No progress to note. Formal consent for this development to proceed was awaited.

**Roads Report**: The CC had just received a formal response to its letter of 7 December to Jim Valentine, PKC Deputy Chief Executive, concerning traffic flows through Portmoak. The CC will now consider the response and the comments made on the low cost specific solutions it had presented.

Paths: No report.

PKC Ward Clir Reports: Ward Councillors reported that, following additional funding from the Scottish Government, budgets for the forthcoming year were being reviewed and should be finalised on 22 February. Clirs had sought further support for the hard pressed Road Safety Team. Current consultation on the Future of the Scottish Planning System was noted and the CC's commitment to respond confirmed. Although CC speed restrictions on the B9097 had been refused by PKC, Clir Barnacle would pursue the matter further. It was understood that the matter of the disputed visibility splay at Kilmagadwood had been resolved.

# Matters previously notified to the Secretary plus matters raised from the floor:

Devil's Burden Race. The Chairman with CCllrs A Robertson and D Morris will meet shortly with representatives of Fife Athletic to discuss toilet and car parking provisions and specific routing on the approach to Kinnesswood.

Airspace change programme at Edinburgh Airport. The CC had noted that in a second consultation the descent pathway would be routed away from the Loch Leven area.

Scottish Natural Heritage (SNH). The Chairman had received a response from the Deputy Chair of SNH welcoming his recent approach and confirming the Loch Leven Reserve Plan would be finalised by the end of March. SNH valued strong links with Portmoak and had a strong commitment to community empowerment and involvement.

The Next Meeting of Portmoak CC will be held at 7pm on Tuesday 14 March 2017 in Portmoak Primary School.

### Fossoway & District CC **News from the February Meeting**

In attendance at the meeting held on 7 February 2017 were: CCIIrs C Brown, A Cheape, J Donachie, C Farguhar and G Pye (Chair); P&K Cllrs M Barnacle, D Cuthbert, J Giacopazzi and W Robertson; and nine Members of the Public (MoP).

Apologies: CCllrs T Duffy and G Kilby. Declarations of Interest: None.

Police report: Unfortunately, no Officer was able to be present at the meeting. There were no incidents to note in our area from the Commander's Reports. A MoP raised concern over lack of officer attendance at CC meetings, as there have been a number of rural thefts in recent months. Cllr Cuthbert replied that there is the possible development of officers rotating between CC meetings in the near future.

Minutes of the previous meeting: Cllr Barnacle pointed out that "Church Committee" should be changed to "Village Hall Committee" in the minute about Station Road Adoption.

Crook Moss Traveller's Site: Cllr Barnacle notes that the chalet mentioned last month has now been removed again. Applications can now be made for connections to Drum waste water treatment plant, which brought some public concerns as to how such applications are prioritised and accepted.

A977 Defects and Mitigation Measures: A member of the public has written to this CC asking about creation of safe routes to Fossoway Primary School, and the progress of the planned cycle route from Crook of Devon to Kinross. Cllr Robertson confirmed that the Coldrain to Balado cycle route would be following the dismantled Devon railway. Planning is approved and funds secured with works commencing in spring. Plans to link from Balado to Kinross will eventually complete the route.

Cllr Cuthbert made the meeting aware that there is a defined travel plan for Crook of Devon Primary School for safer routes to school and suggested that the Community Consultation Event on 18 February would provide an opportunity for members of the public to put forward their priorities and views re A977 mitigation measures.

Powmill Bloom Group: CCllr Farquhar reported that the Powmill bloom group will be meeting with the Crook of Devon Bloom group on 8 February. The group have made a move to brand planters, furniture etc, in an attempt to discourage thefts.

Progress on the Phone Box adoption has come to a standstill due to some conflicting views over liability. Cllr Cuthbert suggested the CC could purchase the phone box, which their insurance should cover, whilst the Bloom group could be responsible for its maintenance.

The refurbished Powmill Milk Bar will reopen on 10 February. Blairingone War Memorial: Cllr Barnacle has arranged a site meeting with Profile Projects, PKC planning representatives, PKC property, a Fossoway CC representative and other interested parties on 14 February.

Domestic Waste Exemption Form: Last month a MoP reported that it was very hard to answer the questions on this form, needed for an ordinary householder to take a van or trailer to the dump, if you were retired. The form has now been modified to make this much easier. Cllr Giacopazzi mentioned the form can be filled out on line and is now fairly straightforward; go to http://www.pkc.gov.uk/ recyclingpermits for more info.

Speeding Through Villages: No progress at the moment due to lack of staff resources but Cllr Barnacle has made contact with relevant persons at PKC.

Crook Hall Bollards: Longer-term solutions are being looked into. Cllr Barnacle has arranged for the grit bin to be moved. Station Road Adoption: Cllr Barnacle reports that this is still awaiting final confirmation of four residents' contributions some because properties have changed hands.

Old Fossoway Bridge: This bridge over the River Devon on the A91 between Muckhart and Carnbo was struck by a vehicle causing some damage, which CCIIr Brown reported to Cllr Robertson, who in turn reported it to Derek Davidson, PKC Engineer. Mr Davidson replied that works to repair the problem are scheduled for March. CCllr Brown brought to the meeting's attention that the bridge is not currently listed like other 19th century bridges in the area, even though it is a Recorded Historic Monument. PKC have informed us that Historic Environment Scotland will accept listing proposals from interested community members. This CC intends to propose this, with CCllr Brown submitting an application. Cllr Giacopazzi asked what would be the benefits of listing a bridge. Cllr Barnacle suggested that if a structure is of considerable age and historic significance then it should merit protection through listing. He also raised the point that a proposed priority system for the bridge was explored in the past to improve safety. Cllr Robertson suggested that the listing of a feature or building can produce a standard by which a building should be repaired, be that to retain its character, appearance or traditional elements of its construction. However, the consensus at the meeting was not to move forward with applying for listed status for Old Fossoway Bridge.

**LDP Public Consultation:** The meeting on 18 February is to discuss possible developments in the Crook of Devon, Blairingone and Rumbling Bridge area. Cllr Barnacle called for further public comments on designated developments, as well as A977 improvements. Comments from members of the public can help to inform what is within LDP2, or not, depending on response. The delay in LDP2 has provided an opportunity for more consultation with the public.

One MoP raised concern that the Community Consultation Event fell on a half term date meaning some families will not be able to attend.

CCIIr Farquhar voiced concern that residents of Powmill were excluded from the LDP consultation despite historic proposals for the village which seem to have gone quiet, as well as concerns that new residents or less well informed residents will miss an opportunity to comment or become aware of possible developments within the village. CIIr Barnacle stated that there will be feedback through A977 discussion critical to Powmill and that it would be worthwhile for Powmill residents to attend.

A MoP raised concerns over the extent of development in Fossoway villages when it could be focussed in cities. Cllr Barnacle responded that the majority of development as outlined in TayPlan is in fact concentrated within the tiered centre towns with a lack of allocation or zoning in small rural villages. Cllr Giacopazzi commented that zoning is used to protect greenfield sites etc from over development. Cllr Barnacle recommends that the event on the 18th will be an ideal opportunity for the community to put forward such concerns and suggestions regarding planning in the area.

Edinburgh Airport – Airspace Change Programme: The airport has now launched the second consultation about proposed changes to flight paths to and from the airport. CCllr Brown has studied the proposals (available at letsgofurther. com) and concluded that the apparently preferred path for Route F, F2a, has the highest CO2 emissions of the six proposed options due to a longer track, bringing into question how sustainable this option is and how it may affect residents and the environment of Fossoway, as well as Fife and Kinross in general. Otherwise, the changes should have little noticeable impact on this community. Cllr Giacopazzi's analysis is that the aircraft are at such a height over the area as not to affect the community, however he advised the CC to make a comment re CO2 emissions through the platform provided.

**Foul Habits:** Blairgowrie & Rattray CC have suggested that supermarkets and other retailers should be encouraged to promote the sale of dog poo bags alongside the dog food displays. Free dog poo bags are currently available at library and local shops, 1 pack of 50 per day. They have asked this CC to support this campaign and the general consensus at the meeting seemed to be positive toward the idea. On this topic Cllr Robertson encouraged people not to leave dog waste that is in poo bags on paths and to find a bin.

The beach at Burleigh Sands, complete with poo bag!

**Meetings Attended:** CCllr Cheape: The Kinross Fund is currently looking for new funding opportunities.

### **Councillors' Reports**

Mike Barnacle: Cllr Barnacle has written to Daryl McKeown of PKC re instatement of a 40mph speed limit on the U241 at Drum, and the erection of a No Entry sign in Main Street. Cllr Barnacle brought to attention the Scottish Government Consultation on Planning running until 4 April, which all councillors will respond to and he suggests any interested members of the public to contribute also. He has raised concern over lack of planning enforcement at a site in Rumbling Bridge.

**Dave Cuthbert:** Action Partnership, looking to hold event at time of farmers market; advertising to come. Budget meeting end of February: PKC may see an increase in funding.

Joe Giacopazzi also brought to attention that there will be an additional sum of £3.2 million in the coming budget, on top of additional funds raised from increasing council rates on higher bands and retention of commercial rate increases.

Willie Robertson: It is currently a good time for litter picking with the vegetation died back. If any members of the public know an area prone to littering such as grass verges they should get in contact with a councillor or PKC.

PKC have revised policy on 20mph limits. If communities are concerned with speeding in villages they can reapply for signage etc. The sooner communities apply, the more quickly their issues can be addressed.

Core path maintenance: if anybody feels a path is in need of maintenance they can contact PKC for facilities to put together a volunteer group as well as the relevant resources for enabling such works.

### **Planning Matters**

16/02060/FLL Erection of dwelling house and garage (revised design and layout) at land 20m E of 3 Ashfield, Carnbo. Objected on grounds of planning history.

16/02226/LAW Extension to dwelling house (proposed) Balhaldie, Main Street, Crook of Devon. No CC comment.

17/00029/IPL Erection of a dwelling house (in principle) land 50m N of Craighead House, Drum. No CC comment.

17/00083/FLL Extension to dwelling house at Easter Coldrain Farmhouse, Coldrain, Kinross. No CC comment.

17/00128/FLL Formation of vehicular access at Birchbank, Main Street, Crook of Devon. No CC Comment at the moment, however the period for comment has been extended by 21 days from 7 February, due to the adjacent Church not receiving neighbour notification. The CC may comment based on the Church's concerns about ownership of the land involved.

**Correspondence:** All the correspondence was available for viewing: Lorna.Thompson@parliament.scot is the Office Manager for MSPs: Murdo Fraser, Dean Lockhart, Liz Smith & Alexander Stewart.

Kinross Farmer's Market will be held on the 4th Saturday of each month from April to November between 9am and 1pm. A survey is being held to decide whether to close the High Street during the markets.

The Crook of Devon Railway Path will be reinstated by John Fraser during February.

### **Other Business**

A MoP raised concern over tree felling on the site of former Crook of Devon manse. Has there been a follow up on the tree felling which took place before planning permission was granted? Cllr Cuthbert raised the issue with relevant persons at PKC since December meeting but is still awaiting a response. This brought forward the recurring concern of members of the public and councillors re the enforcement of planning conditions as well as when and when not certain works can take place on a site, or if conditions in an outline application are carried over to a detail application. Cllr Giacopazzi will bring the issue of enforcing conditions such as retaining trees etc to the upcoming Member Officer Working Group.

### **Draft Agenda for Next CC Meeting**

### News from the January Meeting

Present at the meeting held on 30 January 2017 were: CCllrs H Somerville, M Traylor, P Fraser, F Principe-Gillespie and R Cairney; P&K Cllrs W Robertson and J Giacopazzi and six members of the public.

**Apologies**: CCllrs R Kitchin and F Whalley and P&K Cllrs M Barnacle and D Cuthbert.

The **street lamps** in Cleish have now been cleaned with thanks from the community after an email by DC resulted in prompt action. The lights behind Templeton Cottage have been dealt with.

**Crime Prevention:** Police were not in attendance.

### **Correspondence:**

Email from the offices of Murdo Fraser, Dean Lockhart, Liz Smith and Alexander Stewart, all MSPs for Mid Scotland and Fife asking if the CC had any issues they needed to know about.

There is a Lunch and Learn seminar regarding Child Protection. Community Justice Scotland is renaming and there is a meeting in February regarding this.

Cleish & Blairadam CC Website: Meeting required re a policy on updating the CC Facebook page so that not too much information is put up but pertinent local information is shared. Community Broadband progresses but at a slow rate due to ongoing decisions and policy developments in the Scottish Government. More avenues continue to be explored but there is a reliance on Community Broadband Scotland in order to facilitate progress.

**Finance**: Balance of £700 with in excess of £160 owed but still not paid.

### **Planning**

**Westfield**: Portmoak CC has kindly brought to our attention an application for regeneration of the old Westfield Coal Mine that is proposed to become a power generation plant burning waste that would otherwise go to landfill. This is pertinent to our community due to the potential increased traffic on the B9097. The application is currently in the consultation stage and will potentially be re-advertised due to perceived lack of notification in the P&K area. There is still time to comment on the application.

**Mawmill**: This is a new application, slightly outwith the CC boundary, for a biomass system for drying grain at Mawmill. As part of the Renewable Heat Incentive only Grade A trees can be used (not the rumoured poultry waste) which means

### **Community Council News**

for every tree felled five more have to be planted, making this Carbon Neutral. The shed will be sunk into the ground so that it remains at approximately the height of the existing chicken sheds it would be situated against and would be barely visible from the road. Excess heat generated will go to the chicken sheds which, as a dryer heat, will help to reduce smells. Only about ten HGV deliveries every four months are projected to be required and no additional access is required. **Nivingston**: Ken Drew, the representative for this proposed application, has been back in touch after the discussion at a previous CC meeting. A new plan has been submitted with a revised layout for the former stable, car park and new stabling. However, despite the feedback from the CC, Planning and other members of the community, the new stables and store are still proposed sited away from the existing Nivingston development. The CC were grateful for the open discussion but frustrated that the proposal has not materially changed and that the consensus that the new stables and barn should be sited on the existing Nivingston side was being ignored. The CC will feedback that this plan as submitted would not be supported by the CC.

**Sunnyside**: Extension to house at Benarty view. No objections, nor have any been raised.

**Sunnyside Farm**: Change of use of an office to a holiday let. No objections and no objections or representations from locals.

Refusal: Land 40m north of 9 Blairfordel Steading.

Village Updates: Blairadam

Awaiting the results of the **P&K budget** meeting to determine what actions will take place. The 20mph limit in Maryburgh, verge markers and proposed green route are all awaiting progress.

JG and WR have been making representations to the councils re **safety schemes**. There is a new policy re 20mph speed limits so the councillors will be making a case for these. (WR) A new representation will be made to make this a green route with a 20mph limit.

It was voted reluctantly that with only the limited number of volunteers it is time for the **C&B Newsletter** to move to digital. It will potentially be available printed and put into the community noticeboards and potentially available printed by request. However the CC Newsletter is already currently available by email, on the website and on Facebook. Potentially also put this into the Kinross Newsletter. This will be highlighted in the next newsletter.

Village Updates: Cleish

The street lamps in Cleish are sparkly and clean.

School review: The school estates will be putting forward

plans for the school upgrade. The portakabin is needing renewed after 23 years and the existing building is also not really fit for purpose. Architects are supposed to put forward plans, hopefully later this year, to address this.

**Road restructuring grants** may be available from the EU for forestry use. JG will find out.

There are increased amounts of **rubbish** in the verges. Some are dumped in bags. Trailers require a licence which is available through the council website for residents. Businesses (vans and trailers) have to pay and concern was raised that this might lead to more fly tipping. However, as this new system has just been put in place it will need some time to bed in and then be reviewed. Information is on the PKC website. For litter in the verges let the P&K Councillors know and they will ask to have litter picking of the verges take place.

### **Other Business**

Fife Council has agreed to fix the Kelty Bridge.

**Boreland**: The latest update is that the last appeal was refused and unfortunately the site still has significant work required to be completed. The site is conditioned that requires the steading to be completed prior to the remaining properties being built.

**Changes to Council Tax**: If your income is below £25k it entitles a person to a reduction. It is possible that the information required to achieve this is extensive. The P&K website and Pullar House would have more information.

The Next Meeting of Cleish and Blairadam CC will take place on Monday 3 April 2017 at 7.30pm at Tabernacle Hall.

Cleish & Blairadam CC minutes are posted on the website www.cleishandblairadam.org.uk

### Milnathort and Kinross Allotments Association

www.milnathortandkinrossallotments.org

We are hosting two free 'introduction to composting' workshops for those who are interested in expanding their knowledge and getting more from your garden waste and veg scraps! The workshops will be on Wednesday 15 March and Saturday 25 March, both from 10.30am to 12 noon, at the allotments site behind Dobbies Garden Centre at Turfhills.

We will also have a plant stall at the Farmers' Market in May so, if you are looking for veg or flower plants, then why not pop by and have a look at our selection of home-grown plants. All proceeds go to the Association funds.

If you're interested in growing your own fruit and veg you can join the waiting list for an allotment plot, or register an interest in one of our 'Learn-to-Grow' beds in the Allotments Community Garden by emailing the Association Secretary at mkaasecretary@gmail.com.

More details about the Association, upcoming events, meetings and membership can be found on our website.

The allotments site behind Dobbies is open every day to visitors, so feel free to have a wander round.

### **Burns Supper**

Huge thanks to everyone for supporting our first Burns Supper on Saturday 28 January! We made £420, which has gone towards the continuing refurbishment of our town hall. Special thanks go to some local people and businesses who have helped us: Sainsbury's, Giacopazzi's, Lorraine Holdsworth, Blair Atholl Distillery and Luckie Ales.

With particular thanks to all of our performers and speakers, namely Gordon Menzies, Willie Robertson, Joe Giacopazzi, Jeannie Paterson, Sandy Smith and Kathleen Mitchell, 'we'll tak' a cup o' kindness yet, for auld lang syne'

We are currently looking to recruit new committee members to help our fundraising efforts for phase two of our renovation, as well as a new treasurer. We're a friendly bunch and would love to hear from you if you feel you could help us out. Please contact Susan for more information on susanjbritton@ yahoo.co.uk.

organising fundraising events. The first

date for the diary is Friday 17 March when we will be having a games evening. All ages are welcome to enjoy, among other things, a beetle drive, then a light supper before going to the dogs; a race night with a difference! Tickets will cost £5 for an adult and £2.50 for children and are available from Common Grounds or through any volunteer. It will certainly chase away any winter gloom!

Project: Our project for March is an 'Out Of Africa' project which we historically do around this time every year. This year we are going to donate to the Nepal Trust. The Trust was founded in 1993 by a Scottish businessman and ex British-Indian Army Major, Alan Jacobsen, who served alongside Nepalese Ghurkas in the Second World War. The Trust works in one of the most impoverished and remote areas of human habitation in the world, the upper Karnali River zone in North-West Nepal. It supports the Nepalese people by working with them on sustainable community development projects in areas of health, education, eco-tourism and heritage preservation. The emphasis is local participation and recognises local people as the ultimate custodians of their communities.

Project lunch: Our next project lunch will be on Wednesday 5 April at 12 noon in the Guide Hall, Church Street, Milnathort, with speaker Caroline McKay from Link Community Development. Homemade soup, bread, tray bakes and fairtrade tea and coffee. Everyone welcome.

Our opening hours are still 10am to 1pm Tuesday, Wednesday, Friday and Saturday at the Guide and Scout Hall, Church Street, Milnathort.

Contacts outside of opening hours are Elspeth Caldow (Convener) on 01577 863350 and Linda Freeman (Secretary) on 01577 865045.

### Kinross Parish Church

A look back and forward: The stated annual meeting during the morning service on 26 March will be an opportunity to celebrate

the life of the congregation over the past year, with plenty of photos. It will also be a chance to look forward, building on the Kirk Session's thoughts on a vision for 2030.

Pram Service: If you are caring for a child below school age and are free on Tuesday mornings around 10am, you're always welcome to join our informal pram service.

One Friday: An event for children and their families from 10.30am to 12.30pm on Good Friday, 14 April, organised by our family week team. Put it in the diary now. Further details next month.

Refugee Survival Trust: The retiring collections at the communion services on 5 March will be to support this volunteer led charity. It provides small grants to destitute refugees in Scotland with no other support. The grants can cover living expenses or be for travel to work, education and important meetings.

### Portmoak Film Society

A handful of hardcore film fans braved snow and sleet to watch February's film 'Spotlight' and rated it 98% excellent on the marble count (our very own audience appreciation system). It was fascinating to watch how the team of journalists at the Boston Globe built a robust enough case in 2001 to prove that the RC Church knew about, and covered up over decades, the historical sexual abuse of hundreds of children in Boston, a scoop that triggered similar investigations across the globe.

Our next film on **Saturday 11 March** is '**The Hunt for the Wilderpeople**', released just a year ago to wide critical acclaim. It's the story of a difficult youngster who's been through the care system and is placed with a foster couple, the father played by Sam Neill. They go on the run from 'the system' into the bush, and the film is described as 'charmingly off-beat' as it charts the development of their relationship. Filmed in New Zealand and directed by NZ film-maker Taika Waititi ('Flight of the Conchords' TV series), it promises to be altogether more light-hearted.

And date for your diary: the final film of the season will be Ken Loach's 'I, Daniel Blake' on 8 April (with AGM).

Films start promptly at 7.30pm with hot drinks and refreshments afterwards. Entry is with membership card or costs £5 on the door and we look forward to welcoming you all; for further info, visit: www.portmoakfilmsociety.org.uk

### **Kinross-shire Day Centre**

On Wednesday 25 January we had a double celebration here at the Day Centre. It was Burns Day, of course, and we had our service-users piped in with due ceremony by Richard Scott. Richard also gave the address to the haggis. It was also a special day for Isobel, our queen of the kitchen. She has been at the day centre for 30 years, but as she said, she did start when she was 2! She was presented with flowers, a voucher and an engraved chopping board! Thank you for all those delicious meals, Isobel.

We have also had a tea-dance, organised by the ladies of the Inner Wheel. Thank-you to them for their tea and company. It turned out to be a busy day that day as the Care Commission made an unannounced inspection too. It's good that they saw we have such good support from local organisations like the Inner Wheel.

Unusually for an organisation like ours, there was a man's afternoon out to the snooker club in Dunfermline. Ladies not excluded, of course, but I think they enjoyed some man time. Apart from that, the only other trip out this month was to Sterling Mills Retail Outlet for a look around, a cup of tea and to enjoy the scenery on the way.

If you would like to be involved with the Day Centre, as a service-user, a volunteer or as a supporter, speak to Nan Cook on 01577 863869.

## Kinross-shire Local Events Organisation

www.kleo.org.uk

Please let us know what you think of the current KLEO events and if you have ideas for

any other local events! Just go online and fill in this short survey, www.surveymonkey.co.uk/r/KLEO2017 (note that this is a different survey from last month's farmers' market survey. The results of the farmers' market survey will appear in the April Newsletter).

### **Monthly Farmers Market from April to October**

Kinross Farmers' Market days are to be on **every fourth Saturday of the month from April to November**. This means that the dates are as follows; **22 April, 27 May, 24 June, 22 July, 26 August, 23 September, 28 October** (all 9am to 1pm) and **25 November** (Festive Street Market from 4pm to 7pm).

# Extra cash/funding available for local community group

We are looking for a community group or local sports club who can help out once a month (from April to November) with setting up/dismantling stalls for the farmers markets and who can deliver the market equipment with the KLEO trailer to the market site on Kinross High Street. KLEO has received funding to pay a local group £200 for their assistance for each of these markets/events.

During the month of June there is an opportunity to have one or two additional events for which market equipment will be needed. So, overall, there is an opportunity to earn £2000 a year for your local group.

We need a local group who: can provide 6 to 8 helpers for the dates above from 6am to 8am (setting up stalls) and the breakdown of the equipment after the market from 1pm to 2.30pm; can provide a driver (with a clean driving licence) and car with tow bar to tow the KLEO trailer with market equipment from Fruix Farm to the market site on Kinross High Street.

If interested in this opportunity, please contact Bouwien Bennet by e-mail at bouwien@kleo.org.uk.

### **Leven Voices**

Leven Voices is a fun, informal drop-in singing group which you can join anytime. No music reading or singing experience is necessary, just come along, sing and enjoy!

The current block of 10 sessions with tutor Alice Marra will run until 14 March. A new 10 week block will start again after Easter on Tuesday 18 April. All at 7.30pm at the Kinross Parish Church. You pay as you go (£4 or £3 concession). There is a £6 'registration fee' which is used to pay for the hall for 10 week period.

For more information about KLEO events, go to our website.

### The Battle of Arras 1917

In January, Willie Coupar presented a talk on this battle at which his uncle, J. Coupar, was initially injured and subsequently died on 21 April 1917.

This was a British offensive on the Western Front during World War I. From 9 April to 16 May 1917, British troops, including the 9th (Scottish) Division, were led by General Allenby. They attacked German defences near the French city of Arras. There were big gains on the first day, followed by stalemate. The battle cost nearly 160,000 British and about 125,000 German casualties. Allenby was transferred to Palestine where he was to command a very successful campaign.

There was stalemate for much of the war with a continuous line of trenches stretching from the Belgian coast to the Swiss border. The Allied objective from early 1915 was to break through the German defences into the open ground beyond and engage the numerically inferior German Army in a war of movement. The British attack at Arras was part of the French Nivelle Offensive. The aim of this combined operation was to end the war in 48 hours. At Arras the British were to divert German troops from the French front and to take the German held high ground that dominated the plain of Douai. The British effort was a relatively broad front assualt. The British armies then engaged in a series of small scale operations to consolidate the new positions. The battles were generally successful in achieving limited aims but there were relatively large numbers of casualties.

When the battle officially ended on 16 May, British Empire troops had made significant advances but had been unable to achieve a breakthrough. New tactics and equipment had been used, showing that the British had absorbed the lessons of the Battle of the Somme. The French to the south had failed to make the expected breakthrough and so stalemate returned, except for attacks around Lens, culminating in the Canadian Battle of Hill 70 in August.

The vote of thanks was given by Sandy Smith.

### **Poppy Scotland**

In February, Rachel North spoke to us about this organisation. She was quick to point out that it does far more than most people realise. The money raised by making and selling poppies each year is collected and is used to aid men and women who have served in the armed forces and now require assistance to live their lives.

The organisation was founded by Earl Haig after he saw the need to assist disabled soldiers and their families. Around 702,410 soldiers were killed or missing in the First World War and around 1,662,025 disabled or wounded together with quarter of a million widows and half a million orphans.

The Earl chose the poppy as the emblem after seeing two French women selling poppies in the street and hearing Lt. Col. John McCrae describe the war zone of the First World War as the 'Poppies of Flanders Field'.

The first poppies were made and sold in 1921. The first factory solely producing poppies began in 1922. It was not until 1926 that a factory was established in Scotland. The poppies made in Scotland were designed by Lady Haig and this led to the difference in that poppies made in England have a leaf and those made in Scotland do not. Five million poppies are made each year and, in 2015, a sum of £12,449,865 was raised.

This money is used in a variety of ways such as care homes and medical assistance. It is also used in in education, including visiting schools and arranging short courses such as five-day vocational courses. Help is also provided to assist in the hunt for suitable employment.

Although Poppy Scotland has offices in most large towns, a lot of work is carried out in co-ordination with other organisations such as the British Legion. Contact can be made if Poppy Scotland does not have the required expertise or advice and people can directed to appropriate information. Money is available for training, financial help and speciality is available for mobility devices including servicing services. This interesting talk was well received and Alex Johnston gave the vote of thanks.

## The Gaelic Society of Perth

After a wonderful ceilidh in February with the members of the Stirling Gaelic Choir providing a variety of songs and music, The Gaelic Society of Perth will hold their March Ceilidh at St. Matthew's Church Hall, Tay Street, Perth on Friday 17 March at 7.30pm.

Rhona Morrison, Catriona Lang and Emma Deans will all sing, while Gordon Patullo will play the accordion, and there will be a piper from Perth and District Pipe Band. Come and hear these great Gaelic singers and instrumentalists. Admission is £5 for Members and £6 for Non-Members – for an evening's entertainment plus refreshments!

Further information can be obtained from the Secretary on 01577 864589, on our website gaelicsocietyofperth.com or like us on Facebook - we are Gaelic Society of Perth.

### **Kinross in Bloom**

The first meeting of the new year look place in the Garden Room of the Church Centre on 1 February.

The committee discussed various items. The polytunnel needs some repairs. The watering buggy's battery was flat, but is OK now. The Church Centre planters need planting. Some new plants are required at the War Memorial. Due to trampling of spring bulbs, it is proposed to fence off the fountain when events take place. The possibility of installing a solar-powered watering system in the polytunnel was discussed, as was the publication of a calendar for the season.

### Calendar

First Wednesday

of each month: Meetings at the Church Centre, 7.30pm. w/c 3 April: At polytunnel: preparation for plant

delivery.

w/c 10 April: At polytunnel: plant delivery. Polytunnel

watering commences.

22/23 April: Plant plugs first transplant.

6/7 May: Planting up baskets.

w/c 22 May: Planting planters and fountain. w/c 29 May: Kinross High School volunteer week.

End May/ begin-

Mid Oct:

ning of June: Hang out baskets. Hopefully Rugby Club

will assist. Summer watering begins and

continues until end of September. Removal of hanging baskets. Emptying

planters.

End Oct: Winter planting begins. Polytunnel tidy

up.

Wed 1 Nov: Last meeting of year.

This sort of programme of events takes place every year in order to produce the colourful Kinross which won gold in the Take a Pride in Perth awards last year. As our committee is getting smaller in number and even older, we implore you: if you have an hour or two to spare, please come and help. You will be made very welcome; contact Derek Lawrence on 01577 862833 or Aileen Sorbie on 01577 861477 or lain Todd on 01577 208110.

### Lomond Antiques and Collectors Club

Our first meeting of 2017 was held in February at St Paul's Episcopal Church Hall. Our speaker was Andrew Sharples, Product Development Manager at Brightwater Holidays. His topic was 'The History of Travel'. He took us through the ages from the first wanderers who were in search of food, on to people who were curious enough to wonder what was 'over that hill'.

New countries were explored, empires grew, and then travelling was in pursuit of pleasure. Families started to travel and accommodation was needed. The Egyptians travelled widely and the first 'hotels' were established. The Greeks were the first to offer hospitality to travellers in their homes, which custom still endures today worldwide.

Then came the Romans who conquered most of Western Europe. The middle ages and the fall of Rome brought a decrease in travel as it was considered unsafe to travel in some countries. Richard the first travelled to the Holy Land with the Crusades, then the Vikings who are believed to have reached America before Columbus. Marco Polo ventured as far as China.

With the Renaissance in the 15th and 16th centuries, travel again increased. As we all know, Francis Drake and Christopher Columbus travelled widely.

The grand tours of the 17th, 18th and early 19th centuries were undertaken by fashionable young men with a view to education in classical music, art and architecture. Young girls were taken to Paris, Rome and Venice to find a husband!

The industrial revolution from 1750 to 1840 brought the age of steam and railway travel became popular. The number of passengers on the railway had increased dramatically by 1920. Thomas Cook's first travel tour in 1841 was all of 20 miles for a temperance outing costing a shilling a head.

The 20th century started the wakes week holidays for workers in the factories; they would close down for two weeks in Scotland and the North of England. Blackpool was a popular destination for them.

During the 1950s holiday Camps such as Butlins catered for the masses for a short period but, by the 1960s, many families owned a car and the train and bus excursions decreased. The first package holidays began and people travelled to the Costa Brava instead of Skegness. Today, there are companies such as Brightwater which offer themed holidays with tours to gardens, architectural sites and art holidays.

Our thanks to Janet and Ian for hospitality. Our next meeting will be on **Wednesday 8 March** and members are requested to bring along a 'treasure' to talk about.

### Kinross and District Art Club

www.kadac.co.uk

For its first Artist demonstration of 2017, the club enjoyed an inspiring session with Scottish landscape and wildlife Artist Leo du Feu. Leo

graduated from Edinburgh College of Art in Painting and Drawing in 2006 and his work is now widely exhibited across the UK. A keen cyclist and rail traveller, he has recorded his journeys in annotated sketches and paintings. Some of these are included in his two publications 'Landscapes and Birds of Scotland' and 'Sketches from Canada'.

Leo du Feu signs copies of his book for Gillian Ross and Linda Sharp

Leo's interest in the natural world, and birds in particular, was also of special relevance to club members. An enthusiastic member of the RSPB, many of his paintings feature birds and he spends two weeks in every year on the Isle of May, observing, drawing and painting the birds. Since the club shares its 50th anniversary this year with RSPB Loch Leven at Vane Farm, this is a subject of current interest to members. One of a number of activities planned to celebrate this event is a sketch book of 50 paintings (by KADAC members) relating to the local landscape and the birds of our area. This will be presented to, and displayed at, Vane Farm.

As well as a wealth of ideas on subject matter and the value of sketching and painting 'en plein air', the audience also appreciated the many hints and tips on techniques, tools and materials which Leo, as a highly experienced artist, has at his fingertips. But perhaps above all, his words relating to what painting is all about for him, were the encouragement that aspiring artists needed to hear: 'It needn't be about achieving a 'perfect' final image, it's about experimenting and enjoying the whole process of creating something for yourself!'.

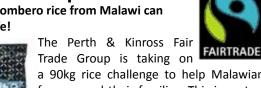

If you'd like to be creative too, why not come along to the club? We meet on Tuesdays and Fridays at 2pm in the Millbridge Hall. Our next demonstration will be on mixed media, by local artist Pauline McGee, on Friday 10 March. The calendar of events and other information about the club can be found on our website. More information on Leo du Feu is on his website at www.leodufeu.co.uk.

### Fair Trade Group

A bag of Kilombero rice from Malawi can change a life!

for Fairtrade Fortnight 2017.

a 90kg rice challenge to help Malawian farmers and their families. This is part of Just Trading Scotland's campaign to have 90 groups commit to the 90kg challenge

We will be helping to make a huge difference to the lives of farmers in Malawi and their children by taking part.

Malawi is one of the world's poorest countries and fewer than one in four

children are able to attend secondary school. The 90kg rice challenge was inspired by the fact that if a farmer can sell just 90kg of rice at a fair price, they will be able to send a child to secondary school for a year.

John Riches of Just Trading Scotland said: "By simply buying a bag of rice we can all make a huge difference by helping to unlock the potential of people and communities and tackle inequality in Malawi and elsewhere."

The rice will be being sold in 1kg bags for £3 by Traidcraft stalls at all the local churches and Kinross Parish Church Office.

Supporting the 90kg rice challenge will help more Malawian children attend school

### **Boys Brigade**

Junior members took part in the Battalion chess competition at Scone. They are also involved in a building structures challenge, using pasta rods, at their normal Friday evening meetings.

Company section members took part in Battalion's scripture search competition with questions on passages from both Old and New Testaments. The results will be announced once all the papers have been marked.

Forthcoming Battalion competitions are drill, five-a-side football, basketball, volleyball and midnight hike.

The Anchor Section competing in a fun relay race

The Duke of Edinburgh Award programme continues throughout the winter months with members carrying out volunteer work and learning new skills as well as taking on a physical activity of some form. The outdoor expedition practicals will resume after Easter. The company D of E classes are not exclusively for BB members and any youngster wishing to enrol should contact the Company Captain, David Munro. There are three levels; bronze, silver and gold.

Company Section Summer Camp will take place from 1 to 8 July. It will be based in Yorkshire with the usual camp outdoor activities and visits to places of interest (for example, Eden Camp, Jorvik Viking Centre, National Rail Museum and, of course, a day visit to a nearby theme park).

The Company still has a few vacancies in all three sections (no waiting lists).

Anchors meet on Fridays in the Church Centre from 6pm to 7.15pm for boys and girls in primaries one, two and three. Juniors meet on Fridays in the Church Centre from 7pm to 9pm for boys and girls in primaries four, five and six. Company (primary seven to S2) and Seniors (S3 to S6) meet on Fridays in the Church Centre from 7pm to 10pm.

It is hoped to have two more Queen's Badge awards, with a completion course taking place at the Carronvale Scottish HQ in April.

## Our Portmoak: Uncovering stories from the past

If you have an interest in the history of our fascinating area, are a Time Team addict, or have ever hankered to pick up a trowel and take part in a real archaeological dig, then 2017 is your year!

2017 is the Scottish Year of History, Heritage and Archaeology; a year to celebrate our country's unique history and heritage. Under the banner "Our Portmoak", Kinross (Marshall) Museum, in association with partner groups in the Portmoak area, have been successful in obtaining grants from the Heritage Lottery Fund and Historic Environment Scotland in support of a year-long community programme of events for all ages that will include walks, talks, visits to protected sites, archaeological fieldwork and creative workshops.

Commenting, Lucy Casot, Head of HLF in Scotland, said: "The Heritage Lottery Fund is a key partner in the Year of History, Heritage and Archaeology and it's our ambition that people of all ages will have the chance to discover something new about the heritage they care about. We're delighted that, thanks to funding from the National Lottery, Kinross (Marshall) Museum will be opening the door to fun, learning and everlasting memories for many people as we celebrate this special year."

The 2017 Our Portmoak events will tell the fascinating story of Portmoak through the ages. The full programme of events will be published shortly.

#### Kinross Camera Club

kinrosscameraclub.org.uk

The New Year got off to a flying start with two really interesting talks from club members. Richard Dibley provided a fascinating insight to 'Underwater Photography' while Jeannie

Meacham shared some photos from her latest travels to 'Cuba'.

Our guest speaker in January was Damian Shields, who is well known for his wonderfully moody landscape photographs of Scotland. Some folks just seem to get all the good light! This was followed by our League two competition covering colour prints, mono prints and projected digital images. Well done to the latest winners for some fantastic photos including Richard Dibley, Linda Reid, Gerry Leeper, Andrew McPherson, Ken Barclay and Bill Paton.

The club is going from strength to strength with membership at an all-time high and the committee would like to thank all members for their ongoing support this year.

Our meetings are held in the Church Centre, Kinross, every Thursday at 7.30pm. Whether you are a complete beginner or seasoned pro, the club has something to offer all standards of photographer. For more information, please contact Alison Rutherford at alison.rutherford1@live.com or visit the club website.

Amongst a number of new accessions to the Museum collection since the beginning of the year have been a

Robert III groat discovered in Portmoak Parish by metal-detectorist Jim Crombie, copies of early photographs of Kinrossshire taken by local photographer Peter Ewing, a copy of an 1828 map of Fife and Kinross by Sharp, Greenwood & Fowler, copies of Kinrossshire photographs from the collection of Bill Fiet and fine examples of linen products made in Kinross, gifted by Jessie Fitzsimmons and Molly Robertson in Edinburgh.

The *Lest We Forget* World War I exhibition timeline and Roll of Honour have

been added for 1917 and plans are being made to mount an exhibition to mark the 450th anniversary of the imprisonment of Mary Queen of Scots in Loch Leven Castle.

If you have any queries on Kinross-shire history, do visit the Museum on Thursdays or Saturdays where volunteers will do their best to help.

#### **Broke Not Broken** Kinross Food Bank

#### Let's get Quizzical

Part of our plan for the year ahead is to do more fundraising events. The first will be our Quiz Night, so mark the date in your diaries, folks:

Friday 31 March, Milnathort Town Hall. Tickets £5 each including food.

We really look forward to a great evening with everyone who has supported us over the last nine months since our doors opened. We will have a bar on the night and some hot food, as well as the quiz itself with prizes for highest score and best team name. You can get your tickets from any committee member, contact us on Facebook, or drop into The Beacon on a Friday.

Two of our committee, Joan and Graham, enjoyed an evening at the invitation of Liz Grant, the Provost of Perth at the Provost's supper at St John's Kirk, Perth. They were both on their best behaviour at the event which was held to thank individuals for their contributions in their local communities.

We also welcomed our MP Tasmina Ahmed-Sheikh to The Beacon. She came on a house visit to see one of our clients and donated £500 to help us continue our work supporting those in need and in crisis in our community.

Going forward, we are looking for volunteers to help out in the garden over the next year. Looking out at the snow, it's not a tantalizing thought, but once the ground thaws, we need to start planting and landscaping.

We would like to thank the people who donated household goods to our recent appeal on Facebook; they were gratefully received.

A reminder that we are open on

Tuesday from 10am BRI to 2pm and Thursday from 10am to 2pm to service users only. BRÜKEN I am sure you can

understand the need for privacy in their time of crisis. On Fridays from 10am to 2pm we are open for food drop offs or for referral agents or partners to come and speak to us.

You can always drop off food at Sainsbury's where collections are weekly. Alternatively, contact us directly to arrange another option.

Joan, Graham Tasmina and Clare

#### **Kinross Beavers**

After the Christmas break, Beavers returned on 13 January when they were learning about first aid as part of their Emergency Aid Stage 1 badge. We also welcomed three new beavers to the colony. Welcome to Tom, Charlie and Eli.

The next day, 25 beavers attended our winter sleepover at the hall and they had great fun completing the experiment badge. Some of the experiments included exploding volcanoes, fake snot and the egg drop challenge, which required the beavers to create a container which would protect an egg from cracking or breaking from a high fall. The beavers also worked on the skills section of the Beavers Scottish Thistle Award. Everyone had a great time and all the beavers who attended were presented with the badges they had earned before departing on the Sunday morning.

On 3 February Kathleen and Alexander from the Kinross and District Pipe Band came along and spoke to the beavers about the bagpipes and snare drum. Also, on that evening, Mackenzie and Myles were presented with their Chief Scouts Bronze Award which is the highest award a beaver scout can get. Congratulations, Mackenzie and Myles! At the same time, we said goodbye to Gregor W, Myles and Mackenzie who were moving to Cubs. Good luck, boys, and have fun!

As you can see, we have lots going on in the colony at the moment. If you would like to have the Beavers help your community group, or are interested in volunteering with Scouting, please contact us at kinrossbeavers@hotmail.co.uk.

#### Kinnesswood in Bloom

Thanks to money awarded to the Michael Bruce Trust from the Celebration Fund, Kinnesswood in Bloom would be able to replace some of the plants in the Michael Bruce Garden. Also, the plan is to install an information board there as part of the 250 year anniversary.

Some of the group had helped fill in a questionnaire regarding their opinions on local facilities and this had been added to the input by other local organisations.

The night out involved not just Kinnesswood in Bloom, but the members of the local Paths Group and Craft ladies who all contribute to the local environment. It was held in the Boathouse and a great time was had by all.

Nationally it is the Year of History, Heritage and Archaeology and there will be plenty going on locally in connection with this. Beautiful Scotland have a theme of 'Birds, Bees and Trees' and we hope our knitters and crafters will get busy making birds and bees to add to our garden areas. Any locals who can knit, crochet or sew and who want to help out can get patterns and/or wool from Janette Gardiner or Norma Smith.

Saturday work parties will be starting soon and information will be on the village notice board. All are welcome to come along.

The Primary 5/6 class had a poor day for their first garden session but managed to learn about seed tatties, laying them out on trays. They also planted onions in trays for planting out later.

We have another quiz and curry night planned for **Saturday 25 March** at 7.30pm. It's our main fundraiser for the year. The evening starts with a curry buffet (all tastes catered for) and a great selection provided. As usual, our colourful quizmaster

# Recipe

# supplied by Kinnesswood in Bloom Purple Sprouting Broccoli Gratin

In a spring of shortages, let's try a recipe using a locally grown vegetable.

#### Ingredients

800g purple sprouting broccoli

600ml whole milk

- 1 medium onion, chopped
- 1 large piece of mace
- 4 bay leaves
- 8 black peppercorns
- 50g butter
- 40g cornflour
- 5 tbsp cream or crème fraiche
- 1.5 tsp nutmeg
- 25g grated cheddar

#### Method

Halve the stems of sprouting broccoli and peel the lower halves if thick and tough. Put the milk, onion, bay leaves, mace and peppercorns into a small pan, bring slowly to the boil, then set aside off the heat for at least 20 minutes to allow the flavours to infuse.

Bring the infused milk back to the boil, then strain it into a jug (discard the flavourings). Melt the butter in a medium pan, stir in the flour and cook gently for one minute. Remove from the heat and gradually beat in the hot milk. Return to the boil, stirring, then simmer for five minutes, stirring now and then. Stir in the cream, nutmeg and some salt and pepper to taste. Keep warm over a very low heat, continuing to stir the mixture now and then so a skin doesn't form.

Preheat the grill to high. Put the broccoli in a steamer (or colander/sieve) set over a pan of boiling water, sprinkle with salt, cover and steam until just tender. Drain the broccoli, wait for the steam to die down, then lay over the base of a large, lightly buttered, shallow ovenproof dish. Pour over the warm sauce, then sprinkle with the grated cheddar. Grill for four to five minutes or until the top is golden in places and bubbling.

# Kinross & District Rotary Club

Santa Sleigh 2016

Jointly organised with the Round Table, this event raised a total of £3.751.71.

At a special ceremony on 30 January, Rotary

Vice President George Lawrie presented cheques to the organisations who help collect on the evenings. He commented on what an amazing event this had been and said it was so rewarding to see Santa bringing smiles to the faces of both children and adults alike.

Local group representatives with George Lawrie

Organisations involved included Kinross Duke of Edinburgh Awards Group, Orwell Guides, Perth and Kinross Adventure Scots, South Unit (Milnathort), Kinross Cricket Club, Kinross Otters, Swansacre Play Group and Kinross-shire Tangent. Rotary and Round Table send a BIG thank-you to the communities of Kinross-shire for their support.

#### **Ethiopia Medical Project (EMP)**

We raised £7,900, including a Rotary District Grant, for the purchase of much needed beds, furniture and medical equipment for the new post-natal clinic at Buccama, Ethiopia. A cheque will be presented to Jo Middlemiss later in February. EMP was established at Buccama, in southern Ethiopia, a few years ago by Jo and her cousin Maureen. The purpose of the project was to establish a medical clinic to tend to the post-natal problems that many women suffered in the area. The result of these problems was that the women were stigmatised and in many cases ostracised from their husbands, families and villages.

The clinic serves an area of some 20,000 people and has been so successful that a second clinic is now about to be completed. This will create a Health Centre, which was a requirement of the Ethiopian Government

Jo will be travelling to Ethopia to check on how the money is being spent and the progress of the clinic.

See photo at right, and letter on page 3.

#### **Rotary Youth Leadership Awards**

Caitlin Welsh of Kinnesswood and Struan Smith of Kinross, both pupils at Kinross High School, have been chosen to be sponsored for this year's RYLA.

RYLA is an annual programme for young people from 16 to 18 years old. It aims to develop leadership qualities and team working, to give a sense of pride in achievement and to stimulate mind and body. In doing so, the programme emphasises the importance of sportsmanship, fitness, character and personal relationships as part of quality living.

Caitlin and Struan will be visiting Abernethy Outdoor Centre at Nethybridge, near Aviemore, for a week of intensive activities.

#### **Rotary Young Chef**

Following the local heat in December, the district round was held in Dundee and Angus College on Saturday 28 January. Eleven competitors from as far and wide as Inverkeithing and St Andrews took part, and the standard of cooking was extremely high.

Lewie Reith represented Kinross in the four-hour competition, supported by his family and local Rotarians. Thanks go to Trevor Wootton and Emma Niven of Loch Leven's Larder for their mentoring of Lewie in his preparation.

#### **Primary School Quiz**

The local round of the annual Rotary sponsored Primary School Quiz will take place in Loch Leven Community Campus on **Thursday 23 March**. Teams from six schools will compete for the trophy, won last year for the first time by Arngask Primary School, Glenfarg.

Competing this year will be Arngask, Cleish, Fossoway, Kinross, Milnathort, Portmoak. Teams of four will be faced with 10 rounds of six questions, with tie breakers if necessary. Each round covers a different subject, with answer papers marked by a team of Rotarians.

The winning team will proceed to the area final to be held in Balwearie High School, Fife, on 26 April. From there, the top two teams will qualify for the Rotary District 1010 final in the Beach Ballroom, Aberdeen, on 10 June.

#### **Breakfast meetings and Associate Membership**

We continue to meet over breakfast on every third Tuesday of the month. Since the start of these meetings in 2016, the club has recruited 10 associate members, who enjoy many of the privileges of full membership and are able to take part in the vast array of activities of the club. The club is currently looking to double the number of associate members.

#### **Meetings**

We meet most Mondays in the Kirklands Hotel, Kinross, at 6.30pm. On the third week of the month, the Monday meeting is replaced by a Tuesday breakfast meeting at 7.30am, also at the Kirklands. Come along and find out what's happening in the club and meet some of our members. Contact the Club Secretary, Brian Timms, at brian.timms230@btinternet.com to find out more.

#### Fossoway Primary School PTA

There was a very positive start to the spring term for pupils and staff with the news that the Kilted Christmas Tree Company would be donating over £600 to Fossoway PTA.

This was as a direct result of 63 Fossoway Primary School "family and friends" purchases of trees and wreaths. Families using vouchers supplied via the PTA were delighted to be able to select the tree of their choice from the vast stock on display at the tree retailer's Tillyochie premises.

This was the first year that Fossoway Primary School and The Kilted Christmas Tree had collaborated together. Many thanks to all at The Kilted Christmas Tree Company from Fossoway Primary School and we look forward to working with you in Christmas 2017.

The Kilted Christmas Tree Company has donated £647.20 to Fossoway Primary School PTA

#### Healing Rooms Kinross and Loch Leven

For the past 5½ years Healing Rooms has been open in the Orwell and Portmoak church office, 29 South Street, Milnathort, on Thursdays from 10.30am until 12 noon. During this time the team has prayed for many men and women from various places in Fife and Kinross-shire, and even further afield. We are one of almost 50 Rooms in Scotland and are part of an International and National organisation. All our volunteers are from different churches and have to undergo training, and all the Healing Rooms in Scotland are supervised by a national leadership team based in Glasgow. Please don't think that you have to be seriously ill to come for help! We will pray for anything that is troubling you, emotional, physical or spiritual, no matter how insignificant you feel it might be. All sorts of people, young and old, are blessed through personal prayer and we should like to give a special invitation to everyone in the community, whether you go to church or not, whether you have a religion or none at all, to come and experience this too. No-one ever goes away feeling worse than when they came in!

Please either call into the office on a Thursday morning between 10.30 and 11.45, or you can make an appointment by contacting the church office on 01577 861200 or using the contact details on the website **www.healingrooms-scotland.com.** This service is completely free and totally confidential. We look forward to seeing you!

#### Musicians wanted!

We had a very successful morning on 30 January when we opened the library for our first Monday session. As well as members of the community who came along to borrow books and use the library computers,

Councillor Willie Robertson popped in to wish us well.

We'll continue to be open every Monday morning and Saturday afternoon as usual, but we also hope to hold some exciting events on some Saturday afternoons in the near future.

Advance notice to all you budding musicians out there; we are planning to have an **Open Mic event** one Saturday afternoon in April. If you would like to give a short public performance of your singing or playing in the library, please contact us now on 07999 510500 for more information on applying for a spot!

We are a group of independent volunteers who staff Loch Leven Community Library on Saturday afternoons from 1pm to 4pm and on Mondays from 10am to 1pm.

We would also be delighted if you would like to join us as a volunteer. Please get in touch on 07543657539 or find us on Facebook.

#### Kinross & District Inner Wheel

January was a busy month for our members. We started with a baked potato lunch to mark Inner Wheel Day on 10 January. The lunch was held at

the home of our club president. Donations were invited from our members and we are delighted to report that the total raised, together with the proceeds from our candlelit supper held in December, will enable us to send a donation to Shelterbox. It is enough to pay for a whole Shelterbox (£590) and a little bit more. We hope it will make a difference to the lives of some of the people caught up in disasters throughout

At the start of February, some of our members helped run a tea dance at the Kinross Day Centre. An enjoyable time was had by all with 28 Centre users and 11 Inner Wheel members dancing and enjoying the baking provided by club members. Our meetings continue in February with our speaker, Catriona Dalrymple, whose topic will be 'Being Procurator Fiscal'. Sounds interesting!

Our next fundraising venture will be our **Bridge Afternoon** to be held on **Friday 31 March** in Orwell Bowlers' Hall. If you are a bridge player and would like to take part, please contact Liz Pottie on 07768 244699 for more information.

#### Step In My Shoes

the world.

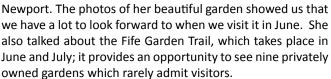

Step In My Shoes (in conjunction with Edinburgh Cares) is a charity which has been backed by the Scottish Government and the Girl Guide Association. It was started as a direct result of experiences of volunteers who were helping Syrian refugees on beaches who had no, or inadequate, shoes.

Although the news has fewer photos of people arriving on beaches, the need for robust shoes is still there and Step In My Shoes is collecting used shoes, new socks and small donations of money to help with transport costs. The shoes are then sent on lorries or containers taking other supplies to refugees.

Please look at the Step In My Shoes Facebook page for further information and if you have shoes or socks you would like to donate, please contact kjarvie@btinternet.com

Our next meeting is on **Thursday 9 March** at 2pm in the Millbridge Hall, Kinross, when Alison Goldie and Mark Hutson of the Scottish Auricula and Primula Society will give a talk entitled 'How Angus plants started: cultivation, history and types of auriculas'.

Membership fees are £10 for the year and £2 for visitors. If you are new to Kinross-shire and interested in meeting fellow garden enthusiasts, you will be made very welcome. Doors will be open from 1.30pm. For more details, contact Caroline Anderson on 01577 864589.

## Kinross & Ochil Walking Group

(Affiliated to Ramblers Scotland)

Don't just sit in the house this winter! Being active not only improves your physical fitness but also maintains good mental health. Walking gives you a sense of achievement and boosts the chemicals in your brain that help put you in a good mood. Being active can help eliminate tiredness, anxiety, and stress. Whether you've never walked much, are returning to walking, or are a regular walker, come out with us, explore new places and meet new people to see if you'd like to join our very relaxed and friendly group. You will be made very welcome. We operate car-sharing but it is not essential to have a car.

#### Weekend Walks

**Saturday 4 March: Crail to Ness, 6.5 miles.** Circular walk from Crail going inland via Wormiston, then along the Fife Coastal Path to Fife Ness, past the cave and golf course.

**Sunday 19 March: Lendrick Hill, 7 miles.** Steep climb up forestry road then hill tracks to top of Lendrick Hill (lovely views). Gradual descent to Carnbo side and return by track and forestry road.

In case it turns cold and wet, you do need appropriate clothing, including boots/strong shoes and waterproofs. Bring water, a packed lunch and a hot drink.

For further details of where to meet us, or for general enquiries, please call our Group Secretary, Ann Eve, on 01577 863887.

#### **Tuesday Short Walks**

For those who are new to walking or want a shorter walk, come and join us on our Tuesday morning walks. These are usually a maximum of 4 miles (1½-2 hours) followed by a sociable visit to a coffee shop, farm shop or pub for refreshments. We would be delighted to welcome anyone who would like to try walking with us.

Tuesday 7 March: Perth, Moncrieffe Island, Sculpture Trail and North Inch. Across the rail bridge, down and around the island, then along the River Tay to view the sculptures and Rodney Gardens.

Tuesday 21 March: Blairhill, Rumbling Bridge and Crook of Devon. A 'lollipop' walk. Around the Blairhill area, then a walk through the gorge, past the new weir (part of the community hydro scheme) and along the River Devon to the Crook.

For further details of where to meet us, or for general enquiries, please contact our Walks Leader, Edna Burnett, on 01577 862977.

#### Get involved to help make Perth & Kinross a FAIR TRADE Zone

#### Seamab School

#### Feathered Friends at Seamab!

Thanks to a generous donation in 2016, Seamab has been able to offer the children some new experiences through Project Free, a programme designed to enhance the children's health and wellbeing through outdoor education.

The children have been enjoying mountain biking, skiing, camping, walking, swimming and most recently, gardening. The purchase of a large chicken coop has created a lot of excitement for both the children and the adults! We're looking forward to the arrival of six hens at the end of February.

The easy thing to do would have been just to purchase six eggs for hatching and watch the birds grow from tiny chicks to fully fledged hens. However, at Seamab, we never like to do things by halves, and so it was decided that we should offer a home to some ex-commercial (battery) hens instead.

The birds will be supplied through an organisation called Homes4Hens, which exists to give commercial laying hens a future after farming. It's likely that when they arrive, although treated for worms and lice, they won't be in the best condition due to the environment they'll have lived in prior to being rescued.

This is a valuable learning opportunity for our children, and is designed to tell a reflective story about recovery after a difficult experience. Even though the chickens may be missing feathers, behaving differently to other birds, and feeling scared and timid, they'll be cared for, nurtured, loved and valued, and helped towards a happier and healthier future. A powerful message for Seamab's children, all of whom have experienced neglect, abuse, loss or trauma in the past.

We're looking forward to settling the hens into their brand new coop and helping the children to learn about how to feed them, care for them and help them thrive.

A new year brings new opportunities, and we have ambitious plans for fundraising at Seamab in 2017.

We'll have places in the Color Me Rad Glasgow 5k run or walk (Saturday 13 May), the Edinburgh Kiltwalk (Sunday 17 September) and the Great Scottish Run (Sunday 1 October), to be used for sponsorship raising. We're also planning a firewalk in late summer, a football tournament organised by our corporate supporters Thomson Gray on Friday 2 June, another Seamab Golf Day on Friday 1 September, a ceilidh and a race night!

We're also looking to recruit some volunteers to support fundraising activity so, if you have a few hours a week to spare that you're willing to use to distribute some of our collection cans, attend collections and events, or to set up a group to raise funds to help the children at Seamab, we want to hear from you!

Visit www.seamab.org.uk/volunteering to find out more and, if you're interested in any of the fundraising opportunities listed above, contact Susie, Fundraising Manager at swilliamson@seamab.org.uk, or call 01577 840307.

#### **Chinese New Year**

On 26 January 2017 we celebrated the Chinese New Year with the help of Yongle and Mrs Macleod. Pupils were given the chance to wish each other Happy New Year – in Mandarin of course! We also were shown the traditional Chinese instrument 'the lute' and introduced to some activities carried out during the Spring Festival. The students were all keen to have a shot of playing the lute and thought it a bit tricky. Chinese zodiacs and the story behind them were shared with the pupils. This is the year of the rooster. Finally, we taught the students to make Chinese lanterns, which they danced with in their hands, following the rhythm of the live lute music. All in all, a fun and really interesting insight into Chinese traditions.

#### Visit of Tasmina Ahmed-Sheikh

This term is a particularly demanding one for the S4 Modern Studies classes. They are busy researching and writing up assignments on a political issue of their choice, completing course work and preparing for the final exam. To help with their research, the students were treated to a visit from their Member of Parliament, Tasmina Ahmed-Sheik. The students enjoyed a spirited question and answer session, discussing a wide variety of issues from the crisis in Syria to women's rights and also managed to fit in a few selfies.

remove perceived barriers to use; improve efficiency and reduce operational costs. As a result of this review there are a number of changes that will be implemented in a planned way at Loch Leven Community Campus:

- 1. The school administration and campus teams will be integrated and the position of Campus Supervisor will be removed from the structure.
- 2. There will be a relaxation in the Live Active Leisure (LAL) contract to enable commercial sports providers' access to the campus.
- The current catering arrangements provided by Tayside Contracts will be changed. This means that not for profit community groups will be able to provide their own food and drink for meetings and events. The opening hours of Food to Go will be reduced.
- 4. The charging arrangements for campus facilities have been reviewed. This change aims to provide more affordable and flexible lets.

Gerry MacGregor, our events and booking co-ordinator, is planning to leave us in March. I would like to take this opportunity to thank Gerry for the exceptional support she has given to a wide range of school and community events over several years.

If you would like to use the campus for an event, please contact the Loch Leven Reception to discuss your requirements by telephone on 01557 867200 or email lochlevenreception@pkc.gov.uk

#### **Networking Breakfast was Blooming Marvellous**

Wednesday 1 February saw Kinross-shire Partnership Chairman Alisdair Stewart welcome around 20 local entrepreneurs to the first Kinross-shire Partnership Business Breakfast of 2017. Although the fog was hanging low outside Loch Leven's Larder, inside everyone's spirits were high as they tucked into a hearty full Scottish Breakfast (or porridge) plus cereal, toast, tea, coffee and orange juice.

Conversation was lively during breakfast, and the networking continued afterwards when Sid Grant invited each attendee to tell other attendees about their products and/or services. These ranged from providing co-working space to consultancy, from legal advice to laundry services, and from mortgage advice to children's play equipment.

Despite the eclectic nature of the businesses that attend regularly, a strong synergy has evolved over the years as a result of this networking facilitated by the Partnership, and many of the entrepreneurs who attend not only do business with each other but also recommend fellow breakfasters to contacts further afield.

Sarah Brown, Leader of the Loch Leven Community Campus, asked local organisations to suggest ways in which High School volunteers could assist with local initiatives during the High School's 2017 Challenge Week. She also mentioned the 'Action Partnership', which seeks to tackle inequalities in the area, and invited small organisations whose work helps address such inequalities to apply for grants.

Rhoderick Moncreiff introduced the latest feature at Tullibole Castle: a tree which can sit up to 60 diners inside ('showerproof but not rainproof' apparently!). Meanwhile, Alisdair Stewart revealed that a Community Benefit Society

launch event will be held at the campus on 16 March at an astronomy evening entitled "Watch This Space". Booking for this event is essential, via the link on the Aero Space Kinross website (http://www.aerospacekinross.com).

The after-breakfast speaker was Derek Lawrence from *Kinross in Bloom*, part of the nationwide network of 'Bloom Groups' under whose care cities, towns and villages quite literally 'blossom' every summer.

Derek explained that while many people imagine that the Council fund the Kinross in Bloom flowers, in reality every penny has to be fundraised. Last year the group raised £8000 and planted 2500 flowers in 53 containers and 60 baskets round Kinross.

Moreover, the cultivation of plants in polytunnels, planting out in the spring and watering in the summer (the latter process alone takes 3 hours) are all done by volunteers. The only exception to this are the high-level baskets, which are provided by the Council but still watered by volunteers.

Currently, the Kinross in Bloom team consists of 13 people; just eight of them are watering volunteers, so Derek would welcome new recruits. Last year short-term assistance was given by High School pupils during Challenge Week, but despite various articles and leaflet drops, not a single longer-term volunteer has come forward. The group would also welcome sponsorship from local businesses; as Derek pointed out, if Kinross looks visually attractive, people will want to come here and spend time – and money.

Thanking Derek for his talk, Kinross Partnership administrator Karen Grunwell reiterated how fortunate we all are to live and work in such a beautiful environment, and that it is important not to take Kinross-shire's beauty for granted. She revealed that the speaker at the March KP breakfast at Loch Leven's Larder on **Wednesday 1 March** will be RSPB Site Manager Uwe Stoneman. Please email mail@kinrosspartnership.org. uk to book your place (members £10; non-members £15).

We kick start our season on **Saturday 1 April** with our **Open Day**. Why not come down and give tennis a try for free? We'll be there from 10.30am to 3pm for membership renewals and enquiries, coaching enquiries, bookings, and general information. Existing members will need to exchange their court key for the new season.

**Junior Easter Camp** will run during **week commencing 10 April**. Siobhan is now taking bookings for this. The summer term block of coaching which will run on Tuesdays and Fridays and **starts on 21 April**. Enquiries to Siobhan at kinrosstenniscoaching@gmail.com.

Adult club sessions continue on Wednesdays at 6.30pm and Sundays at 10.30am. There is also the Thursday afternoon social session at 1.30pm. Adult coaching with Daniel Reed will continue to run on Friday afternoons or at other time subject to demand. Notes of interest to kinrosstennis@gmail. com.

Our **Annual Quiz** takes place on **Tuesday 7 March** starting at 7.30pm at the KGV rugby clubhouse. It is always a great evening and we invite club members, their family and friends to come along and support the club in this fundraising event. Remember, it's the taking part that counts - keep that competitive spirit for the tennis courts!

More details on other events will be provided next month. Meanwhile, as ever, new members are welcome and enquiries can be made to our secretary Margaret Hamblin on 01577 850252 or at kinrosstennis@gmail.com. Visitors are also welcome. Keys are available from Sands the Ironmongers for a small fee.

The destinations of two more trophies have now been decided. The Jubilee Salver, contested by leads and seconds, was won in a fairly one-sided final by the rink of Jamie Montgomery, Gregor Hutcheson, Eddie O'Donnell and George Ponton.

The Gallowhill Ploughshare for skips and thirds was a much tighter affair, with the rink of Davie Clydesdale, Paul Baughan, Steve Kinninmonth and Ben Cormack eventually prevailing. Ben was absent from the final but did have a note from his mum explaining that he was away at the Scottish Junior Championship finals in Aberdeen. Things didn't go to plan in the finals, but well done to Ben for qualifying as one of the eight best junior rinks in Scotland.

We continue to enjoy success in our friendlies against local clubs, following up a good win in December over Orwell with wins against Fossoway and Orwell Ladies. The latter was a close-run affair with Sandy Nelson's rink, skipped in Sandy's absence while recovering from surgery by Ally Simms, going down to a heavy defeat by Val Inglis. However, the other two rinks saved Ally's blushes, winning by just enough for an overall winning margin of one shot. The ladies seem very confident of turning this round next year!

Ally redeemed himself in part by skipping one of two Kinross rinks which successfully defended the Province Blairhill Trophy, the other skip being Paul Baughan.

As yet, no sign of sustained frost and ice this winter so the new lighting at the outdoor pond is yet to be put to the test. But there is still time!

#### **Kinross Curling Development Club**

www.kinrosscurlingdevelopmentclub.weebly.com

The club was formed in 2010. The main purpose was to provide beginners with an opportunity to meet and play with curlers of similar ability while offering coaching sessions to improve curling technique and knowledge in a relaxed and friendly environment. This acts as a perfect pathway between learning to play and joining a mainstream curling club.

KCDC is a friendly club and is open to new curlers who have attended a beginners course or are eager to learn via our own coaching sessions. Membership is limited to a period of two full playing seasons, as well as the remainder of any part season in which you join.

KCDC is based at Kinross Curling Rink, behind the Green Hotel. The rink underwent a million pound renovation in the summer of 2014, with further improvement plans in the pipeline. This provides us with perfect conditions to play. There is a bar/lounge upstairs, where you are welcome to come and watch the curling. Please feel free to come along and see why so many people love the sport.

The club is keen to recruit new members for next season. Please explore our website for further details or contact kcdcmatchsec@gmail.com

#### **Kinross Swimmers**

We seem to have settled down in to the New Year programme and those winter cobwebs are being well and truly blown away. We have had a few new people along which is making things

more vibrant and some interesting sessions have taken place with all that new input.

Numbers are looking a lot more healthy with all these swimmers and we are now regularly getting more than 15 swimmers at a session covering all ability levels. This is a nice change, even Lachlan is being challenged!

It may be too late by the time you read this but our winter warmer is taking place at the Apricot in Dunfermline on Friday 3 March (if you can make it) and an update will follow. Swimming in a club setting is proven to be much more beneficial than solo swimming. Without realising how hard you are working you tend to try harder and swim longer, moving well beyond your comfort zone with no conscious effort. The end result is you feel much better with all those good endorphins coursing through your body, and it has to be better for you than an hour lounging on the sofa. It's cheap too. You'll have no problem sleeping after a good session, I promise!

So, if you fancy a varied and challenging swim, we continue to meet every Tuesday evening at the pool at Loch Leven Leisure Centre for a pool start at 8pm swimming until 9pm. We aim to improve the stroke, stamina and style of those attending so that any other swimming is more worthwhile, effective and enjoyable. We welcome anyone looking to improve their swimming for whatever reason, all we ask is that you can complete four lengths. Experienced swimmers looking for a friendly but directed extra session are especially welcome.

For further information please either contact us on Facebook (Kinross Swimmers) or Ian Shepherd via email at shepherd\_ian@hotmail.com or on mobile 07944 503074.

Following the success of our last 'Ladies Night', another tribute evening has been organised, this time featuring Lionel Ritchie. It will take place on **Friday 3 March** in the clubhouse. Tickets are on sale behind the bar.

The 2017 season opens on **Saturday 25 March** with the annual Captain v Vice-captain competition. All members (ladies, gents and juniors), are invited to come along for a fun day of golf with the opportunity to meet other members. The event starts off with coffee and a bacon roll on arrival and is rounded off with the opening season dance in the clubhouse in the evening. The format is 4ball betterball matchplay, and the draw takes place on the Thursday evening.

For more information about golf and social memberships and other club activities, check out our website, follow us on Facebook or Twitter, or pop into the clubhouse.

#### Volleyball

It is extremely busy volleyball wise, especially at Kinross High School. Senior boys and girls teams took part in Scottish Volleyball's day-long festival at the Lynch Sports Centre in Dundee.

The boys team finished in third position, having lost by a mere two points in two close matches against eventual winners Queensferry High School and Belmont Academy from Ayr. The senior boys also meet Queensferry High and Kyle Academy in the Scottish Cup semi-final at the end of February.

The S1 boys teams made the long trip to Ayr to play Belmont Academy and Kyle Academy with the team winning against Belmont and losing to Kyle. As section runners up they now face another trip to the west coast to take on Woodfarm High School from Glasgow.

The S2/3 girls team face a trip to meet Aberdeen Grammar School in their Scottish Cup semi-final.

The Perth and Kinross under 16 boys Junior National League team have played two rounds of fixtures, first of all travelling to Oban to play local side Lorn and Cavalry Park NUVOC. Their second round of fixtures was held at the Loch Leven Community Campus against Beacon Blaze from Aberdeen and James Gillespie's NUVOC. Player availability has been an issue resulting in one win and three losses. The team is due back in Oban in early March to play their final round of fixtures.

The under 18 Junior National League side play their Scottish Cup games in early March against Orkney's Stromness Academy.

In the local Perth and District Leagues our local sides have not performed as well as in previous seasons, again player availability being a major factor. Nevertheless it is commendable that Kinross can field five teams overall, spread over the Premier League (two teams) and Recreational League (three teams).

Kinross players are also looking forward to playing in this year's Scottish Open Volleyball Tournament on Perth's North Inch over the last weekend of May. This is the largest volleyball tournament in the UK, attracting around 100 teams.

#### **Kinross Otters**

It's been a great start to the year, with several new members joining the club after our very successful open days on 21 and 22 January. We had lots of keen swimmers attending

hoping to be chosen to become Otters and we thank everyone who tried out. If you weren't successful this time, don't worry, we'll be holding further trials later in the year so keep practising!

We had another successful two-day gala where a team of 12 Otters attended the Carnegie Graded Meet at the Michael Woods Centre in Glenrothes on 21 and 22 January. We got off to a great start on the Saturday morning with five medals, Murray Pritchard and Ben Smallwood taking two each and Helen Hamilton taking gold in the 50m breaststroke.

Otters sent a small team to the FIRST Annual Open Meet and they did us proud! Coming home with, amongst others, a bronze medal for Emily Cumming in the 100m backstroke, as well as new PB of 1:21.66. Ola Stanton also broke the club 100m breaststroke short course record with a fantastic new time of 1:17.99 at the same event which is a great opportunity for our swimmers.

Falkirk Integrated Regional Swim Team (FIRST) came into being in 2006 to improve the level of competitive swimming of clubs in the Falkirk area by providing a focused training environment headed by a dedicated full time professional coach.

The programme has established itself as one of the leading of its kind, with athletes competing successfully at District, Scottish, UK and International level. FIRST Open and Graded meets are excellent competition opportunities for other clubs, including Kinross Otters. Well done to all the Otters who attended for, as usual, giving their best for the club.

Earlier this month our fundraising guru Pamela Watson was delighted to accept a cheque for £400 towards club funds after a team of dedicated Otters, parents and coaches braved the wild weather during the Santa Sleigh event in December. Thanks to all who attended and to the Kinross and District Rotary Club for their kind donation.

We're looking forward to a range of meets over the next month and will keep you up to date with our successes. As usual, we'd like to make special mention that Otters is run entirely by volunteers and we are dependent on the commitment and support of the coaches, parents and swimmers who work so hard to make Kinross Otters the successful club is it. Thank you all.

One small additional note, our Head Coach Simon Metcalfe is a member of the Caledonia Water Polo Senior Team, one of the elite water polo teams in the UK. They take part in competition at the highest level and many of them play for the Scottish National team. They'll be taking part in the 2017 British Championships and we wish them every success. As a self-funded team they are always looking for ways to help with the costs of competing at this level. You can find out more at their Go Fund Me page. Good luck to Simon and his team mates!

A local rink won the inaugural **Over 40s Bonspiel** played over 13-15 January. Alan Chalmers, Iain Cormack, Graham Cormack and Peter Baughan (the Musketeers) beat current World Senior Ladies Champions, skipped by Jackie Lockhart, in an excellent final. 64 curlers and guests enjoyed a dinner and ceilidh at the Windlestrae Hotel. The sponsorship of Hatrick Bruce Ltd and Andersons Solicitors was appreciated. We are already planning and looking forward to next year: dates fixed for 12-14 January 2018.

At the end of February we welcome the best lady curlers from all rinks across Scotland. The **Henderson Bishop** competition commences on Monday 27 February, concluding with the final on Thursday 2 March. This is a super opportunity to spectate and enjoy fine competitive curling.

Kinross Curling Trust **AGM** took place on 18 January. Members supported the plans to provide full wheelchair access to the bar/lounge. Changing rooms and other facilities will also be improved. Mike Caffyn was re-elected and remains Chairman. Ena Stevenson and Sandy Hay were elected to the board. Phil Barton is the vice-chairman.

Our new webpage is upon and running - enjoy keeping up with all our news! Google kinross curling!

Local curler **Beth Farmer** won the Sportsmanship Award at the recent Scottish Junior National Championships.

Thinking ahead, the **closing bonspiel** is on **Saturday 8 April**. Contact Steven (see email in header) to book a space.

If you want to find out more about curling you will be made very welcome at the rink, which is behind the Green Hotel. The entrance is off Green Road.

#### Ladies Section

The ladies had a great run over the winter in the Midland indoor league in Dundee and for the first time in memory were top of the leader board for many weeks. Sadly this came to an end with the last two matches of the season against Wanderers 1 and 2 where defeats were anticipated, and realised, unfortunately! We'll settle for third place, though. Outdoor matches have recently resumed.

Our 1s are having a tough season in National Championship League A and to open the 2017 account met top of the table Edinburgh Uni 2s, resulting in a 1-9 defeat, with Lynn Jack scoring our only goal.

The same day our 2s were narrowly defeated 1-3 by division 1 side Brechin in the Knock Out Cup, Catherine Wray scoring. The following week our 1s travelled to Aberdeen Uni where we hoped to pick up some points having drawn nil-nil earlier in the season. The uni ladies scored early and led one-nil through most of the match until we managed to equalised with a penalty corner finish from Vicky Carver. We would have settled for a one-all draw, but the uni were awarded a penalty corner on the full-time whistle, which they converted for a 2-1 win. We were dejected after a good team performance and it was a long trip home!

The club hosted and enjoyed a quiz night at the rugby club on 27 January. Mike and Elaine Spain ran a great quiz as usual and though the men may have struggled with some of the chick flick questions, everyone had fun and at least they know what their homework is for next year! Many thanks to the Rugby Club and Kinross Quizzicals.

Ladies training has been running at Strathallan School on Wednesdays from 1930hrs recently, but hopefully will return to Kinross in March, usual time 1830hrs. We are very fortunately to have assistance from former Scotland coach Bill Joss at the moment and, with existing coach Gurdial Duhre, the sessions have been well attended and very enjoyable. We are always open to new members though; please don't be shy!

If league games are not your thing and you just want to have some fun, social hockey either dusting off old school skills or trying a new sport, our Korinthians group meet on Mondays at 1930hrs for just that.

Further information on the club can be found on our website.

#### Men's Section

The Men's 1sts team has the highest number of draws in the league and added two more to its tally in January. The first was against a well organised Fidra Lions team which is sitting second in the league, a tough game where we conceded a goal from a short corner but fought back hard to get a well earned draw. The second was against the second bottom team Grange 6ths who we suspect took advantage of the national league winter break to pack the team with more experienced players. Having beaten them 9-0 earlier in the season we had to fight very hard for a 4-4 draw with some good goals from Cameron Banks.

The Men's 2nd team picked up a good win against Watsonian's Colts (4ths) but then succumbed to the league leaders Borders Fjordhus Reivers 1sts in a 0-5 loss. Despite this, the team is still third in the league and will hope to maintain this position over the next few months.

Training is at Strathallan on a Wednesday at the moment but look to be back on KGV in March at our usual time of 7.30pm on a Tuesday.

#### Kobras

#### **Junior Hockey**

The indoor hockey season continued with a tournament in Dundee last month in which KOBRAS five Kobras teams took part. At all levels

there were good signs of progress with more wins, a few draws and fewer losses. Improved passing, movement and commitment contributed to fast fluid play, which helped compete against often larger and more experienced teams. Part of the credit goes to Monty's indoor sessions at the High School, which have certainly given players much more confidence about playing indoors.

With work on the pitch at KGV ongoing, training is taking place on the MUGA at the High School but fingers crossed in March we will be back on KGV ... can't wait!

Andy and Liz Whatmore are delighted to announce the birth of a second granddaughter, ROSA CHARLOTTE BACON, on Sunday 22 January 2017. Both parents, Katie and Jonny, and big sister Chloe are all equally thrilled with the new arrival who weighed in at 6 lb 11 oz.

**David and Isobel Syme**, 3 Fruix, Kinross, are delighted to announce the birth of their sixth grandchild, **THEA SYME**, born on Monday 23 January 2017 at Ninewells Hospital. Daughter of Matthew and Chelsai Syme and sister to Lucy, 23 Lomond Place, Kinross.

Students of **MATTHEW DANCE ACADEMY** have enjoyed success recently.

CARLISSA NEILSON, VICTORIA BAIRD, PATERSON and KATY ROBSON achieved top scores in their recent Professional Associate Diploma examinations and are now fully qualified teachers after years of study and training. In addition, Matthew Dance Academy pupils took part in Tap, Modern Jazz and Freestyle examinations just before Christmas, which totalled over 430 exams over three days, again achieving excellent results. Principal Nikki Matthew said: "A special mention to our Ballet pupils who entered their first Grade examinations and all achieved top scores what an achievement! We're all very proud of you at MDA." Congratulations also go to KAYLA DOUGLAS, LOUISE LAWSON, JESSICA MATTHEW and ABBI STAPLETON who were handpicked from over 1500 dancers at recent BATD Auditions to represent the board at the Annual Worldwide Conference in June.

# **Loch Leven NNR**

Is that the worst of the winter over? I really hope so. I'm looking forward to the long evenings now.

Firstly, a date for your diaries: **Discovery Day** will be on **Sunday 28 May** in 2017. We've got lots of new ideas for this year. Hopefully the weather will be better than last year. Fancy building nest boxes and Willow hurdles? There's a lot to do for all the family while learning all about Loch Leven NNR.

Chest, Heart and Stroke Scotland are having their annual fundraising walk at Loch Leven on 19 March. The **Walkathon** has raised over £58,000 since it was launched in 2011 and this year it's back with a brand new home - **Loch Leven's Larder**. All routes (7km, 12km or 13 mile) start and finish at the Larder and are suitable for walkers of all abilities and ages. There is even a family Treasure Hunt available on the 7km route! If you wish to learn more about the event please go onto www.scotlandwalkathon.com for more details. *[Or see page 63.]* Please be aware there will be higher than normal amounts of walker traffic on the trail between 10am and 4pm on that day.

Around at Mary's Gate, we have been hedge laying. The hedge along that section of path is now 20 years old and we had the opportunity to do something wildlife-friendly with it. We like to give our volunteers some kind of training every year. Last year the volunteers had first aid training. This year we tried something slightly different. We obtained the skills of Torquil Varty, a hedge layer from Angus. This has certainly tidied up this section of hedge along Mary's Gate. The hedge was laid using traditional methods. The felled stems were held together with stakes and binders.

There have been some nice birds spotted about the reserve. There are still reasonable numbers of wintering wildfowl. This is largely due to the lack of ice coverage on the loch this winter. We normally get wading birds in the autumn. When the weather cools and the water level rises, waders tend to move on. This January we've had 150 Golden Plover, 30 Dunlin, ten Redshank, a Greenshank and a Ruff. We've also seen a Little Egret, Slavonian Grebes, a great inland count of 39 Scaup, and up to five Smew.

Volunteers have been busy this month. We have cleaned and put up nest boxes throughout the reserve and some on the islands. We have also been planting trees around the reserve. Gus and I has been busy updating the blog. We did a whole week of Winterwatch blogs. These blogs demonstrated how you could see featured wildlife locally. Scottish Natural Heritage NE Scotland have an Instagram account. It's called Steve the Capercaillie. We will be releasing pictures from Loch Leven and beyond.

Trout in the classroom is a project we've been doing now since 2011 as part of the Growing up with Loch Leven project. Our aims to provide a starting point for educational visits to Loch Leven National by schools. It provides background information on the natural history of the reserve, access to the reserve, and some case studies from the Growing up with Loch Leven (GuwLL) initiative. More on that next month.... TTFN,

Hello, folks! It seems as if winter has arrived with awfa cauld blasts of snow soochin through from the north. That has put paid to the birdsong for a few days as they realise that spring is maybe not as close as they think; no doubt when it goes a bit milder it will resume again.

Due to the colder weather the bird feeders have been very busy once more, with all manner of species gleaning the feast; the usual tits, greenfinches, chaffinches, goldfinches aplenty and a few bullfinches, tree sparrows and redpoll as well

The Little Egret is still on the reserve pools for the time being but may well go on its travels again once the warmer weather arrives properly. Pintails have also been around and this bird was part of the reason the RSPB was involved in Loch Leven in the first place. The loch was the first place in Britain that the society placed watchers (wardens in modern terms, I suppose) to guard the breeding pintail ducks round the area. As you may or may not know, 2017 celebrates the 50th Anniversary of the RSPB buying Vane Farm reserve, so if you have any pictures, memories of the old days please get in touch and give us your thoughts. Alice is the wummin to contact on the usual number, or you can also e-mail us if you prefer. [See page 11.]

Earlier I mentioned the breenge of birds on the feeders again. The shop will have a 20% off offer on 12.75kg sacks, with the exception of peanuts, until 1 March inclusive. Save pounds per bag and help our feathered friends survive the remaining winter, too! They other main offer is buy one get one free on scarves from the selection on show. Ask about any other offers when you visit.

#### The upcoming events for March are:

Sat 4 and Sun 5 March: an Optics Weekend from 10am until 4.30pm both days. Try and buy from our extensive selection, free advice on what is best for your needs. Free; just drop in. Wednesday 8 March: Nature Tots: Wiggly worms, 10am until 12pm. A short story in the classroom then outside to play in the great outdoors on a different monthly theme. Please note, advance booking is required for this and, going by recent form, the sooner the better, as they have been very busy.

**Saturday 11 March**, 2pm until 4pm, **Wildflower Meadow Workshop.** Learn how to create a wildflower meadow and maintain it for biodiversity in time for the growing season. Booking essential: Members £8, non-members £12.

**Saturday 25 March**, 10am until 2pm, it's a **Wildlife Writing Workshop**. Bring along a pen, paper and a readiness to be inspired by the wildlife and landscape of Loch Leven. Booking essential: Costs £10 RSPB members and £15 non-members.

Finally, the Loch Leven **Wildlife Explorers** group will meet on **Sunday 26 March** from 1pm until 3pm for more monthly adventures.

Think that's it again for another month then, when hopefully the weather will be more spring like?

Ta ta the noo,

# **Farming**

Reading Fiona's article last month, I was envious of the care her hairdresser lavishes on her, compared to my follicle trimming arrangement. Here at the Backward Farm boutique, things are a bit more basic with no colouring service offered, so I'll just have to go grey disgracefully, and only one style in the catalogue – shorter than it was before. Indeed all I seem to get is cheek about the small pile of hair that ends up on the floor and amount of heid visible from above. It's no wonder the boutique has a client base of only one! At least it's cheap, (cheerful?) and convenient, with flexible opening hours.

Lambing time will soon be here and the ewes are being given some extra feeding now. This is in the form of tubs containing a vitamin/mineral "lick" formulated to match the nutritional needs of heavily pregnant ewes. We have also started feeding the earlier lambing ewes some high protein and energy nuts, and they are also being offered the most nutritious of our silage bales. The winter weather has been very kind up till now and not too wet until recently, so it is a bit of a concern that, come springtime, it will turn nasty with a vengeance. It usually does at some point, but as long as it is just an odd day here and there, we can cope with it not too badly. You can buy wee plastic jackets to put on young lambs which act like a mini polytunnel, and help stop cold, wet, windy weather chilling them before they grow a bit more body mass, making them more resilient.

I am also considering what cereals to sow this spring, and how big an area to sow. We are using more cereal since we have started fattening some of our beef calves, instead of selling them all as stores, for someone else to fatten, and we also have bought a small batch of bulls to rear. Since they are fed on a cereal-based diet, it takes quite a few tonnes to feed them, so it makes sense to grow their feed if we can. There are a couple of fields in which we have grown cereals in previous years but have been down to grass for a while and would benefit from being ploughed up.

The field of winter barley I sowed back in September is looking quite well, so hopefully it should give a respectable yield, although there is still plenty of time for it to be ravaged by some pest or disease, or both, or maybe even some stray sheep (which fall into both categories).

Backward Farm, as the name suggests, is a bit marginal for growing cereals. Last year one field performed well, whereas the other didn't, so I usually find it averages out not too badly, and if it makes us more self-sufficient in feeding our animals, then that can only be a good thing.

St Paul's is open, friendly and welcoming to all age groups (whether regular churchgoers or if you're simply inquisitive about who we are and what we do.)

We are excited about the ways in which God is calling us to grow as a community, for the community. Our aim is to express our deep appreciation of both the spoken and sacramental Word with a lightness of touch and a smile.

Children are equally welcome to stay in church during the service or go to the Meeting Room for Sunday School and everyone is particularly invited to stay together during our monthly 'Whole Church' services.

We predominantly use the 1982 Liturgy on Sunday mornings but create experimental devotion for special events throughout the year. If you would like to give us a try, we look forward to meeting and greeting you and hope that you might enjoy becoming part of this faithful family of Christ.

#### Open to all Kinross-shire Businesses Local networking at its best

Kinross-shire Partnership will be hosting more Business Breakfasts at Loch Leven's Larder as the second half of the 2016/17 season gets underway in February. Please do come along; everyone is welcome whatever size your business and it is a great opportunity for local businesses to meet each other

The Breakfast on **Wednesday 1 March** will take place from **7.30am** to **9am**. The speaker will be RSPB Site Manager Uwe Stoneman. The other breakfast in the season will take place on **Wednesday 5 April**.

The aim of the breakfasts is to allow local businesses of all sizes to get together, network, introduce their business and to share their business goals. Please bring along your business cards and any brochures you wish to display.

The cost for listening to an interesting speaker, networking and enjoying a full Scottish breakfast, in beautiful surroundings is £15 per person or £10 for those who have joined the Partnership membership scheme. This price includes the cost of the breakfast, administrative costs and a small contribution to the Kinross-shire partnership.

In response to feedback you can now choose whether to pay on-line in advance or by cash on the day - further details will be given when you book your place.

To book your place at one or more of the Breakfasts, please email Karen Grunwell, Kinross-shire Partnership Administrator at mail@kinrosspartnership.org.uk or call 07865 193844.

#### Ceilidh Dancing

From 2pm till 3pm **every Monday** in the Guide Hall, Milnathort. You don't need a partner and it is all very informal and great fun. Just come along – the more the merrier. No age limit. All proceeds go to the Scouts and Guides.

And a **Ceilidh** now takes place in the Town Hall, Milnathort, **once a month on a Sunday**. These ceilidhs run from 2pm until 5pm with a break at 3pm for tea and biscuits. Cost: £5. There will be a different band every month and all money left over after paying the band and the hall will go to charity. **Heaven Scent** have agreed to stay open later on these dates and to serve stovies afterwards (not included in price of entry.)

#### Kinross-shire Sports Hub **Junior Park Run**

The Kinross-shire Sports Hub was formed in 2016 with, amongst its objectives, the promotion of sport in the Community. A wide ranging fact find and survey was carried out to see what priorities the public had in respect

of sport and one popular response was Junior Athletics and possibly a Junior Park Run.

The Hub Committee think that a Junior Park Run in Kinross would be viable and wonder if there are any volunteers out there who might be interested in joining a Sub-Group to make this happen. The work would involve making contact with the National Organising Committee to establish procedures, to find a suitable venue and to bring out a timetable for the run to be established. Any volunteers please contact: mail@andersons-kinross.co.uk

#### Situations Vacant

In conjunction with www.kinross.cc, the Newsletter is pleased to publish local situations vacant. Please go to the kinross.cc website before applying to see fuller details and to check whether a position is still available. (Go to www.kinross.cc then click on 'Local Adverts' and choose 'Situations Vacant').

#### Are you living with a long-term health condition?

We are a charity supporting those living with a long-term health condition in Perth & Kinross. We help people improve the quality of their lives and well being by providing information and running regular self-management courses, workshops and peer support groups.

One of our peer support groups is based in Kinross in the meeting room of St Paul's Church, Muirs. This runs on the first Thursday of every month, 1pm-3pm.

If you would like to come along and connect with others who understand the challenges of living with a condition, learn how to make positive changes to your life and have access to useful information, then please contact us for an informal chat or anyone who wishes can just pop in.

All of our services are confidential, free and designed to be flexible depending on individual and community need. Find us at:
